UNDER HOT FIRE FOR MANY HOURS

Mrs. Burdick's Examination is Searching, Persistent and Painful.

RELATIONS WITH HUSBAND

Professed Ignorance That Pennell Had Given Bond to Support Her.

Buffalo, N. Y., March 24.—The inquest into the murder of Edwin L. Burdick was resumed in the police court at 10 o'clock this morning. The widow of the murdered man continued her testimony which was begun yesterday. Before the hearing opened today District Attorney Coatsworth said that beyond the continuation of Mrs. Burdick's hearing his plans had not been formed, and he would make no statement as to who would follow her. It was intimated, however, that what she had to say would take up the entire morning session if not the entire day. Her testimony yesterday was devoted entirely to her relations with Pennell.

The line taken today led more closely to her affairs with her husband and the events in the Burdick home immediately preceding his tragic death.

People began to gather in front of the police court at an early hour and when the doors were opened a rush was made for seats. As on yesterday there was a preponderance of women in the court room.

It was 10:20 o'clock when Justice Murphy took his seat on the bench.

SHOWED TRACES OF ORDEAL.

Mr. Coatsworth arrived at the same time.

A few minutes later Mrs. Burdick walked into court. The result of yesterday's ordeal was evidenced in her pale and worn appearance.

"There was an occasion about two years ago when you and Mr. Burdick had quite an altercation at your house?" asked Mr. Coatsworth, when Mrs. Burdick had taken her seat in the witness chair.

"Yes, sir," was the reply.

"And after that it was necessary for him to wear a piece of courtplaster on his head?"

"No, sir."

"Did not you at that time strike him over the head with a chair?"

"I did not."

"Did you at any time leave your family after you returned from Atlantic City in 1901 and prior to December, 1902?"

"No, sir."

"Did Mr. Burdick?"

"No, sir."

"Don't you recall a time in 1902 when Mr. Burdick left home and lived at the Genessee hotel?"

"No, sir. He went out of town early in 1902, but returned again."

"You received a letter from your husband from Indianapolis in January last year?"

"Yes, sir."

"I will read it. 'Received a letter today from A. R. P., of the contents of which you are familiar. I shall decline to have any interview with him.'"

BEGGED HIM TO RETURN.

In that letter Burdick said he did not intend to come home again. Mrs. Burdick wrote a letter in reply in which she pleaded with her husband not to persist in his determination to sue for divorce. She made an appeal on behalf of the children, declaring that the divorce proceedings would crush the children, especially Marion.

"My God, Ed, this must not be. You cannot be so cruel to us. You have been generous, continue to be so," the letter concluded.

Mrs. Burdick said she remembered having written it. It was dated Jan. 27, 1902.

"That letter was sufficient to induce him to return to his home?" queried Mr. Coatsworth.

In response to this Mrs. Burdick said she had an interview with her husband afterwards at his office. She asked him to return to his home. He said he intended to.

"And after that you continued to meet Pennell?"

"I do not remember."

"Why, it was right after that that you had all those clandestine meetings with Pennell, wasn't it?"

"Not right after, no."

"But soon after?"

"Well, he sought me constantly."

"On what date was it when you jumped out of the window on Seventh street?"

"Dec. 2nd."

"What church did you go to after that?"

"The Church of the Ascension."

SENT FROM HER HOME.

"What did Burdick say to you when you returned home that night?"

"I told him I had been to church. He said he knew where I had been and he asked me why I did not let him in when he knocked. I said I would have if I had known it was him. He then told me that I would have to leave the house and he advised me to communicate with Pennell."

Mrs. Burdick said she saw Pennell that same night. She went to his office and Mr. Burdick accompanied her. "I remained away for several days," she continued, "and then went home. I had another talk with Mr. Burdick and he told me that I might remain that night."

"He was very kind to you even then?"

"He was."

The witness admitted in reply to further questions that the complaint in the divorce suit was served on her the following day, Dec. 3. She left

PRICE WAS CLOSE TO $1,512,000

That Was About the Figure Paid for the Fort Wayne Street Railway Lines.

Secretary S. B. Fleming and Treasurer Henry C. Paul, of the new Fort Wayne traction company, left Monday evening for Cleveland, where at the offices of the Guardian Trust company today the new syndicate was to make payment of the balance of the purchase price and acquire actual ownership of the Fort Wayne street railway lines.

While the capital stock of the company is $2,000,000, the new purchasers have never deemed it advisable to make public the precise amount paid for the property. The Sentinel is today, however, in position to state that the figure at which the property changes hands is approximately $1,512,000. It would be extremely difficult to ascertain the precise amount to the dollar, but it is believed the sum stated is less than $1,000 at variance from the actual figure.

It is expected that Mr. Paul and Mr. Fleming will return to the city tonight.

CLOSING UP DEAL.

Cleveland, Ohio, March 24.—S. B. Fleming and H. C. Paul, of Fort Wayne, and George F. McCulloch, of Indianapolis, were here today closing the deal for the purchase of the Fort Wayne traction property promoted some years ago by Frank De Hass Robison, now owned by a Cleveland syndicate composed of H. J. McIntosh, Howard P. Eels and others. The deal has been under way since last fall. The purchasers represent the big Indiana syndicate that is absorbing city and suburban lines around Indianapolis.

WOMAN SUFFRAGISTS CHOOSE OFFICERS

Miss Anthony Elected Honorary President — Mrs. Catt is President.

New Orleans, La., March 24.—The principal business of the woman suffrage convention today was the election of officers. These were selected:

Honorary President—Susan B. Anthony, Rochester, N. Y.

President—Carrie Chapman Catt, New York.

Vice President-at-Large — Rev. Anna Howard Shaw, Philadelphia.

Corresponding Secretary—Kate M. Gordon, New York.

Recording Secretary—Alice Stock Blackwell, Boston.

Treasurer—Harriett Taylor Upton, Warren, Ohio.

Auditors—Mary J. Coggeshall, Des Moines, Ia.; Laura Clay, Lexington, Ky.

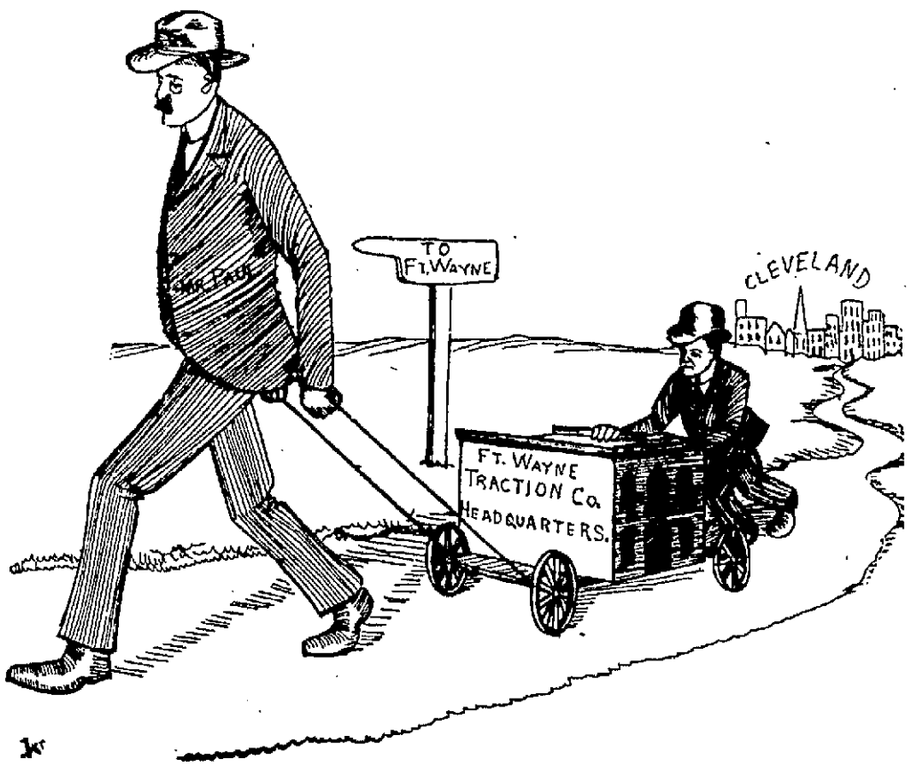
IN JUSTICES' COURTS.

Charles Steller was fined $1 and costs by Justice Tancey for provoking Mattie Day. The parties are neighbors on Broadway and indulged in a jawing match which resulted in proceedings for provoke.

Harvey Funk will be tried at 4 o'clock this afternoon in Skelton's court for assault and battery on John W. Affolder. Both live in Bloomingdale.

Constable Kennelly made a visit to Huntington this forenoon to arrest Charles Shamblin for defrauding Mrs. Nora Hoon out of a board bill. After trotting around neighboring city several hours the officer discovered that Shamblin is in Fort Wayne and has been for two weeks.

MOVING TIME BEGINS EARLY.



COAL OPERATORS ARE RESTRAINED

Judge Kohlsaat in Federal Court Enjoins Continuance of Combine.

INDIANA CROWD ENJOINED

Are Given Until April 6 to Show Why Order Should Not be Permanent.

Chicago, March 24.—Ten Indiana coal companies and ten individual operators were restrained by Judge Kohlsaat in the United States circuit court today from continuing their combination for the regulation of coal prices and output. The defendants were given until April 6 to show cause why the order should not be made permanent.

The corporations and individuals enjoined are the same recently tried in the state court on the charge of raising the price of coal and restricting the output in Illinois, thus causing the coal famine in Chicago last winter. Judge Chetlain dismissed the case on the grounds that the offense committed was against the federal law and not against the statutes of Illinois.

THE DEFENDANTS.

The defendants are: The Crescent Coal and Mining company, Braillettes Creek Coal company, Wabash Valley Coal company, Oak Hill Coal and Mining company, Coal Bluff Mining company, Parke County Coal company, Glen Oak Coal and Mining company, Nevins Coal company, Indiana Fuel company, McClellan Sons & Co., corporations; James Shirkie, Walter S. Bogle, Hugh Shirkie, Max Eichberg, J. J. Higgins, J. Smith Talley, Joseph Martin, Edward Shirkie, H. R. McClellan and John Shirkie.

The injunction granted will stand until further order of the court. It recites that the action of the court is taken upon the application of United States District Attorney S. H. Bethea, and upon the affidavits of Assistant State's Attorney Albert C. Barnes, and orders that the defendants are "especially restrained and enjoined from in any manner complying with or executing the terms of a certain contract made and entered into between you during the month of March, 1902, which by its terms went into effect April 1, 1902, or any similar contract."

MUST NOT COMBINE.

They are restrained from entering into any combination among themselves to ship the bituminous coal mined and to be mined on their property in Indiana to the Crescent Coal and Mining company at Chicago for uniform sale by the company to consumers in car load lots, on their several accounts, at prices arbitrarily fixed by them or their representatives in such a manner as to destroy competition between themselves as to the sale of such coal as is or may be the subject of commerce among the several states and in violation of the Sherman act.

No opposition was offered in court to the entering of the order. When the notice was first served upon the defendants some days ago the appearance of each was entered with the exception of the Wabash Coal company, which was represented in court by its attorney. In the meantime, however, the matter was taken up by the coal operators with the attorney general at Washington and by him referred back to District Attorney Bethea. Attorneys for the operators refused to state what action would be taken by them in the matter.

BLIZZARD HITS THE PEACH BELT

Michigan in Grasp of Heavy Snow Storm with Stinging Weather.

Detroit, Mich., March 24.—Specials from western Michigan report that one of the worst blizzards of the winter is raging in that section of the state, with the temperature below freezing. Grand Rapids reports heavy snow, the temperature two degrees under the freezing point, and snow plows being used on the local and interurban electric lines to keep them open. Much fear is felt for small fruits and peaches. At Benton Harbor and St. Joseph much damage has been done by the wind. Wires are down and a number of small buildings have been damaged. The big store of H. L. Bird & Co. at the principal corner in Benton Harbor is wrecked by the wind and its stock and fixtures ruined. There is a tremendous sea running on Lake Michigan and navigation is temporarily suspended.

In Detroit the temperature hovered close to freezing during the morning, with a forty-five mile an hour wind prevailing. There was no snowfall, however.

ENGINEER BADLY HURT.

Engineer H. E. Wagner, of the Pennsylvania railroad, was painfully injured at Robison, Ohio, last evening, and though he has now regained consciousness, is unable to tell how the accident occurred. Mr. Wagner believes he was knocked from his engine by some object thrown by some person unknown, and he was found lying unconscious beside the tracks by members of the train crew at 8 o'clock Monday evening. The injured man was removed to Crestline, where surgeons dressed his injuries, but the patient did not regain consciousness until this morning. Mr. Wagner has severe cuts about the chin, temple and the back of his head, but it is not believed the injuries are of a dangerous character. He was removed to his home on East Suttenfield street.

PROF. TAYLOR TONIGHT.

Prof. Graham Taylor, of the University of Chicago, will speak this evening at the court house assembly room, his theme being "Ethics of the Labor Movement." The address is one of the series arranged by the educational department of the Woman's Club league along sociological lines and admission is entirely free. Prof. Taylor has delivered addresses in Fort Wayne on several previous occasions, and is not only a most eminent thinker, but an entertaining speaker.

LOCAL OPTION LAW IS VALID.

Columbus, Ohio, March 24.—The supreme court today declared the local option law constitutional, the decision being unanimous. The decision was given in the case of a Cambridge saloon keeper who sought to escape a sentence of imprisonment on the ground that the law was unconstitutional.

QUIET RESTORED IN SAN DOMINGO

Warships in the Harbor Have Pacific Effect on Reign of Turbulence.

REVOLUTION IS SPREADING

People of Villages Surrounding San Domingo Joining Revolutionists.

San Domingo, Republic of San Domingo, March 24.—Quiet has been restored in this city by the warships in port.

The minister of war, Senor Pichardo, has surrendered to the revolutionists and the minister of posts and telegraphs, Senor Castillo, has joined the foreign minister, Senor Sanchez, in seeking refuge at the United States consulate.

The inhabitants of the villages around this city are joining in the revolutionary movement. No news is obtainable from the southern and northern parts of the island.

There was severe fighting yesterday at La Vega, but the result is not known.

If the north and south refuse to join in the revolutionary movement the situation may become more serious than it is. Commerce is at a standstill and there is considerable anxiety as to the future.

A warship is going to San Pedro de Macoris, to the eastward of this city, in order to compel it to surrender.

The warship Presidente, which is off the northern coast of the island, is in the possession of President Vasquez.

WRECK ON THE BIG FOUR.

Bloomington, Ill., March 24.—An eastbound passenger train on the Peoria and Eastern branch of the Big Four collided last night with a westbound freight at Tremont. The latter was on a sidetrack, but the switch had been left open and the passenger crashed into the freight while going at a high rate of speed. Both engines were demolished and much other damage caused to equipment. Eight persons were injured, none fatally. The four most badly hurt were James Jarvis, conductor, Indianapolis; Miss Russell, Tremont; John Doch, Tremont, and John H. Issenmeyer, Peoria.

REBELS HAVE THE CITY.

Paris, March 24.—The foreign office has received a dispatch from San Domingo confirming yesterday's advices of The Associated Press, saying that two revolutionary generals have taken possession of that city and adding that President Vasquez has been expelled. The dispatch is brief, owing to the revolutionists having cut the wires, but the officials here construe it as meaning that President Vasquez's government has been overthrown.

No information has been received at the foreign office regarding the reported revolution in Nicaragua.

SPECIAL RIVER BULLETIN.

Washington, March 24.—The weather bureau today issued the following special river bulletin:

The Mississippi river continues to rise below Memphis and to fall northward to Cairo at about the same rate as during the two days preceding.

Stages this morning were as follows: Cairo, 48.0, a fall of 0.7 foot; Memphis, 39.4, a fall of 0.1 foot; Vicksburg, 51.3, a rise of 0.4 foot; New Orleans, 20.0, a fall of 0.1 foot; no changes from previous forecasts are indicated.

The rivers of the Atlantic system from eastern Pennsylvania to Georgia except northern Virginia, are also in flood, but not to an alarming extent, and the necessary warnings were issued Monday.

EXPLOSION KILLS THREE.

Fulton, Ky., March 24.—Three men were killed and six seriously injured in a boiler explosion in a saw mill at Whitecliff today. The dead were blown to atoms and the mill destroyed.

JUDGE APPOINTS A PROBATION OFFICER

Jesse Patten Named to New Place Created by Late Legislature.

Judge O'Rourke this afternoon appointed Jesse Patten probation officer, a new office created by the recent legislature by the bill establishing a juvenile court. The bill applies to all counties except Marion, in which a special judge, with a salary of $2,500 per year, is elected. In other counties the circuit court judges shall preside at the juvenile court, from which the judge at his pleasure can exclude all persons not connected with the trial. The bill provides for the establishment of the court, the appointment of its officers and fixing of their compensation, which in the case of the probation officer shall not exceed $3 per day for each day actually on duty; to provide a lawful method for procedure against juvenile delinquents and specifying places for their temporary and permanent detention and compensation for their care; providing for a place for trial and also providing that no destitute girl can be sent to the industrial school for girls; providing for the approval of the state board of charities in certain contingencies and repealing all laws inconsistent with the new act.

WORKMAN HAS BAD FALL.

Shortly after 3 o'clock this afternoon Lon Claar, employed at the new Pennsylvania machine shops in the erection of the large electric cranes, fell a distance of twenty feet and sustained painful injuries, apparently the most severe being those about his back. Claar was removed in an ambulance to St. Joseph hospital, where Dr. C. B. Stemen is attending him. The injured man was a member of the crew of workmen who came to the city to erect the machinery, and his place of residence is unknown.

WILL NAME A TICKET.

The socialist party has issued a call for a city convention to be held at the court house assembly room Wednesday evening, March 25, at 8 o'clock, for the nomination of candidates for councilmen from the various wards of the city and for waterworks trustees. The call is signed by John S. Brunskill, J. W. McDonald and Henry Ackley as a committee.

CITY BREVITIES.

George A. Bishop, of Auburn, is a visitor in the city.

Postmaster E. O. Rose, of Angola, is in the city on business.

Mrs. H. W. LeSage TenBroek is visiting friends in Chicago.

Miss Etta Turner is quite ill from grippe at her home on Hale avenue.

Mrs. Jerry Brillhart, of Bourbon, has returned home after a visit in this city.

Mr. and Mrs. Harry Minich, of 1814 West Main street, are entertaining Mr. and Mrs. William Glenn, of Toledo.

The Ladies' Aid society of Redeemer English Lutheran church will sew tomorrow afternoon at the home of Mrs. Thomas Baxter, 1110 Wilt street.

Mrs. Charles C. Meyer, of 634 Washington boulevard, is rapidly convalescing from an operation performed several weeks ago.

Mrs. Edsall, who resides at the corner of Buchanan and Oliver streets, is ill from pneumonia. Mrs. Edsall is prominent in the ladies' auxiliary of the G. A. R.

Mrs. J. F. Beck, of Seattle, Wash., has just been granted a divorce and will come to Fort Wayne to make an extended visit with her mother, Mrs. S. Baum, of 230 West Wayne street. Mrs. Beck is well known here.

RETAKE SURIGAO FROM LADRONES

Mindanao Town Captured Sunday Relieved by a Force of Constabulary.

THE LADRONES IN FLIGHT

Eighty of Them Led by Escaped Convicts Rushed the Town and Took It.

Manila, March 24.—The town of Surigao, in the northeastern part of the island of Mindanao, which was captured Sunday by Ladrones, was relieved today. The American officials and foreigners were found to be safe.

Eighty Ladrones led by ten escaped convicts participated in the attack of Surigao. They had twenty rifles and forty bolos and succeeded in surprising and rushing the constabulary barracks and stampeding the constabulary. Inspector Clarke was killed at the first rush. The Ladrones captured eighty rifles.

The American officials, the women and foreigners sought refuge in the government building, where Treasurer Kelley, a former Indian scout, assumed command. The defenders of the building were armed with shot guns and refused to the summons of the Ladrones to surrender. They held out until the town was relieved today by a force of constabulary sent from Tacloban.

The Ladrones fled at the approach of the constabulary. Three companies of United States infantry will reach Surigao tomorrow and then propably will start in pursuit of the Ladrones. The government forces operating in Albay province have established a concentration zone, in the center of that province, twenty-seven miles long and ten miles wide, and have a series of detachments of troops following the various Ladrone bands.

SIX MEN SWEPT INTO FLOOD AND DROWNED

Four Drummers and Two Negro Oarsmen Lost in River at Gavin, Ark.

Memphis, Tenn., March 24.—J. R. Hood returned from the flooded district of Arkansas and reports that at Gavin, a station on the Frisco railroad, Saturday afternoon a skiff containing four drummers and two negro oarsmen were swept under the track of the railroad. The boat was overturned and all six of the occupants were drowned. Mr. Hood does not know the names of the traveling men, but says they had employed the negroes to row them across the submerged territory to Moundy City, Ark., where they intended to take a steamboat for Memphis.

PRESIDENT RAMSEY SAILS FOR EUROPE

Wabash President Going to Egypt, Where His Daughter Is Very Ill.

New York, March 24.—President Ramsey, of the Wabash railroad, sailed for Europe today on the Kron Prinz Wilhelm on account of the illness of his daughter. She is suffering from typhoid fever at Cairo, Egypt. He was to have left here for St. Louis last Saturday.

RAILWAYS TO FIGHT TAX.

Lansing, Mich., March 24.—As part of the program to test the validity of the new ad volorem railroad tax law, the roads operating in Michigan have served notice on Auditor General Powers that on Friday next they will apply to the United States court at Grand Rapids for an order restraining the auditor general from levying on their property for non-payment of any portion of the tax levied under the new law, which must be paid during March. Under the new law the auditor general has power to levy on railroad property for non-payment of the tax, and the roads will ask for a restraining order under the interstate commerce act.

Born, to Mr. and Mrs. H. C. Hoeltje of 1220 Michigan avenue—a daughter.

Tired

No Sleep for Weeks Nervous, Weak.

Surgical Operation Wrecked My Nerves.

Dr. Miles' Nervine Restored My Health.

"A few years ago I had to submit to a surgical operation which caused me severe spinal trouble. After treatment I could not gain strength because of extreme nervousness. I took everything I could hear of that was supposed to be good for my trouble but all in vain. I had not had a night's sleep in weeks, when one day one of your circulars was thrown into our yard and after reading what your Nervine had done for others, I resolved to try it. The second night after taking it I slept soundly for the first time in many months and after taking a few bottles I was completely cured. I also used the Nerve Plaster for backache with very gratifying results. I shall always be grateful for the benefits received from Dr. Miles' Restorative Remedies."—Mrs. C. W. Beaman, Savannah, Mo.

"I wish to thank you for the good your medicine has done me. It has almost worked wonders in my case. I was subject to nervous headaches for a period of thirty years. I had doctored with several doctors and had taken a number of different kinds of patent medicines, all to no avail. I was discouraged for I could not get permanent relief. At last I began a trial of Dr. Miles' Restorative Nervine and Nerve and Liver Pills. I am now completely cured and words cannot express my thankfulness to you and your medicine. If any one wishes to write to me personally I will gladly answer their letters."—J. W. Brant, Ingrahm, Ills.

DESERTED FROM THE UNITED STATES NAVY

Two Young Men Said to Belong in Fort Wayne, Leave the Battleship Maine.

Official notice was received in this city this morning from Captain E. H. Leutze, of the U. S. S. Maine, announcing the desertion from the service of Albert Theodore Lang and Deidrick H. I. Rosener. Their residences are given as Fort Wayne, Ind., but on no other information is given in the official communication further than to quote part of the section of the revised statues of the United States relating to naval deserters. The penalty for desertion is quite severe and for harboring or aiding deserters is almost as drastic. The excerpts read as follows:

"Every person who deserts from the naval service of the United States is deemed to have voluntarily relinquished and forfeited his rights of citizenship, as well as his right to become a citizen; and such deserters shall be forever incapable of holding any office of trust or profit under the United States, or of exercising any rights of citizens thereof.

"Every person who entices or aids any person in the naval service to desert or harbors or conceals any such person, knowing him to be a deserter, or who refuses to give up such person on demand of any officer authorized to receive him, is liable to punishment by imprisonment and fine, to be enforced in any court of the United States having jurisdiction."

The young men are only two of the many who have deserted from the same ship, which is regarded as a sort of a hoodoo by young recruits and is known in the navy as the "Dutch Madhouse." The aversion to shipping on the Maine or remaining there after assignment is wholly due to the tradition attaching to the old Maine, which was directly responsible for the Spanish-American war and which ill-fated warship took to the bottom with it 266 enlisted seamen February, 15, 1898.

TO MAKE MILE A MINUTE.

Cincinnati, Ohio, March 24.—The trial of the Emerson launch built for Commodore Edwards, of the Royal Yacht club, Canada, failed today, owing to the breaking of a propeller blade. The propeller will be repaired and the boat taken to Detroit for the next trial.

Mr. Emerson says he will soon begin the construction of a vessel which will be built solely for speed, and with which he expects to make a mile a minute; such he claims is the construction of his engine that this can be maintained for an indefinite period and will permit a vessel to cross the Atlantic in two days.

INVENTED THE CORN PLANTER.

Decatur, Ill., March 24.—George D. Haworth, inventor of the first corn planter and other agricultural implements and for forty years a leading manufacturer of Decatur, and owner of much valuable manufacturing property in Chicago, died at his home here today.

Paine's Celery Compound

USED IN SPRINGTIME WILL GIVE THAT STRENGTH, VIM AND BODILY ACTIVITY THAT ALL AR. SO EAGER TO POSSESS.

Pure blood and well nourished nerves are the great requisites at this season for every man, woman and child. Too many of our people enter the spring season with systems charged with deadly impurities. The blood is foul and stagnant; the liver and kidneys work imperfectly, and very often are diseased. With many, rheumatism, neuralgia and dyspepsia are daily tormentors. Life is not safe when such ailments are permitted to run unchecked.

If you, unfortunate sufferer, find yourself burdened with any of the forms of disease just referred to, do not fail to give Paine's Celery Compound a trial. It is your only safety—your only true and certain deliverer from perils that end in death. Paine's Celery Compound has cured tens of thousands every springtime; it will do the same blessed work for you. One bottle will cost you less than a visit to consult a physician, and will convince you of its power to cure. Mr. A. S. Farley, Milwaukee, Wis., says:

"Last spring I was convinced very strongly that my blood was in a bad and dangerous condition. I had boils and skin eruptions, was run down, sleepless and had no appetite. The doctors failed to cure me. I fortunately tried your Paine's Celery Compound. My dangers and troubles were soon banished, and I was made a new man, strong and vigorous, thanks to Paine's Celery Compound."

YOUNG STRATTON ACCUSED.

Colorado Springs, Col., March 24.—I. Harry Stratton is accused of attempting to bribe the jurors selected to try the will contest in which he seeks to obtain the millions left by his father, W. S. Stratton, for the founding of a home for the aged poor in this city. The accusation was made yesterday by the executors and proponents of the will when they filed a motion to discharge the entire panel. In support of the charge the executors presented an affidavit by H. G. Berry, in which he swears that a law firm employed by young Stratton gave him $145 to look after his interests among the jurors. It is charged that Berry and others were to ascertain the opinions of the jurors and influence them in favor of young Stratton.

STRONG EVIDENCE OF FAITH

Meyer Bros. & Co. Guarantee That Hyomei Will Cure the Worst Case of Catarrh in Fort Wayne.

When one of the most reputable concerns in Fort Wayne guarantees that a medicine will effect a cure or they will return the money, it speaks volumes as to the merits of that remedy. It is in this way that Meyer Bros. & Co. are selling Hyomei, the treatment that has made so many remarkable cures of both acute and chronic cases of catarrh in Fort Wayne and vicinity.

Hyomei is not a pill nor is it a liquid that has to be taken with a tablespoon or wineglass. Just breathe it in by the aid of an inhaler that comes in every outfit and benefit will be seen from the first treatment.

It destroys all germ life in the air passages and lungs and enriches and purifies the blood with additional ozone. It cures catarrh of the head and throat, or of the stomach, liver and kidneys. Wherever mucous membrane contains catarrhal germs there Hyomei will do its work of healing. When using this treatment the air you breathe will be found like that on the mountain high above the sea level where grow balsamic trees and plants, which make the air pure by giving off volatile antiseptic fragrance that is healing to the respiratory organs.

Remember that if Hyomei does not cure you Meyer Bros. & Co. will refund your money. This is a good time to cure catarrh by this natural method and prevent catarrhal colds that are so common at this season.

JOIN LINCOLN AND DAVIS.

New York, March 24.—Timbers of the cabin in which Abraham Lincoln was born and the logs of another cabin which was associated with the life of Jefferson Davis, have become mixed up and now make up a single building. The discovery came about through the efforts of Rev. Dr. Hillis, pastor of Plymouth church, to add to the Beecher memorial fund. Dr. Hillis made arrangements for a "Lincoln evening" and decided to obtain the log cabin in which Lincoln was born and have it set up in the church parlor. The owners of the cabin declared they would be glad to lend it, but that the structure, which is in Coney Island, was a combination of the two cabins. After being exhibited at several expositions the cabins were stored in a cellar. When they were again taken out the movers mixed the timbers. They were afterward made into one structure.

DISINTER THE REMAINS.

The remains of Benjamin Leon, the 5-year-old son of Mrs. C. Leon, of 536 East DeWald street, who died in January and was buried at Lindenwood, were exhumed this morning under the direction of Schone & Co., the undertakers, who are preparing the body for shipment to Convoy, O., where permanent interment will occur. The little one died from membraneous croup.

NEEDLE DRIVEN IN THUMB.

Miss Schmidt, an operator at the Paragon Waist factory, whose home is on John street, suffered a painful injury Monday afternoon when a sewing machine needle was driven deeply into her left thumb and broken in half a dozen sections. Dr. Hetrick was called and succeeded in removing the bits of steel only after much difficulty.

KNIGHTS MAY GIVE A MINSTREL SHOW

Catholic Organization Arranging for a Fine Entertainment in May.

Members of the Knights of Columbus are preparing to give a public demonstration of the fact that there is a galaxy of burnt cork artists within the ranks of that organization and a movement is on foot to give a minstrel performance at some time during the month of May.

The entertainment committee held a meeting last evening to discuss the matter. It has been found impossible to secure one number in the lecture course of the Knights, owing to the illness of the lecturer, and the society will give an entertainment to supply the vacancy. This entertainment will certainly be of a musical character, and many of the members favor a minstrel performance. The precise character of the program is to be determined within a short time, but in any event the entertainment will be of a very high order.

WORK OF REFORM LEAGUE.

Greenfield, Ind., March 24.—The Citizens' Reform League, which has been closing saloons here, is spreading its efforts to the whole county, and is hard at work at Fortville, where all applicants for liquor license may be defeated. Probably every saloon in Greenfield will be closed within the next eight months.

Attorneys for the league have found that seven saloonkeepers owe the city from $175 to $395.50 each on license, or a total of $1,812. The practice of saloonkeepers has been to pay for licenses in installments, and in many instances the new license was issued when the old license was not paid for. Henry Hubig, in October, 1902, was granted a new license, while he owed $145 on the license of the year before, since which time no payment has been made on either the new or old license.

In September, 1902, Raleigh McLaughlin took out license while owing $110 on his old license, and has paid nothing since. The city attorney has been ordered by the council to proceed at once against all parties owing the city license fees.

BISCUIT PROTECTED.

The United States Circuit Court Decides That an Imitation of the In-er-Seal Trade Mark Design is Unlawful.

The strongest evidence of the ever-growing tendency toward purer food is the protection now being afforded by the Courts to those who are devoting their efforts to the improvement of the things we eat. This is especially manifest by the decision just rendered by Judge Hazel, of the United States Circuit Court, in favor of the National Biscuit Company, who sought protection against an infringement of their In-er-Seal trademark design, so well known to all lovers of biscuit, crackers and wafers.

Judge Hazel's decision is broad and clear, and of great importance to the public at large. He says in part: "The proofs show that the National Biscuit Company manufactures various kinds of bakery products, which they place upon the market in special and distinct cartons and packages. Upon the end of each package or carton is applied the trademark, printed upon a square label or seal, clipped at the corners, with clear white lines upon a vivid red background. That the complainant's trademark and manner of displaying same attracts the public attention cannot be successfully disputed. And it is manifest that the defendant deliberately, and fraudulently, imitates the trademark of the complainant, and in that manner designs to palm off his goods for those of the complainant."

Judge Hazel further orders that the defendant be enjoined from imitating or simulating the In-er-Seal trademark of the National Biscuit Company.

The importance of this decision is better understood in the light of the fact that millions of people depend solely upon the In-er-Seal trademark as a guide in buying biscuit, crackers and wafers. Its appearance on the ends of a package is being recognized as an assurance that the contents are perfectly fresh, clean and wholesome.

REVOLUTION IN NICARAGUA.

Panama, March 24.—Advices received here today confirms the reports that a revolutionary outbreak has occurred in Nicaragua. Several departments of that republic are said to be affected, but no definite news is obtainable. Only government cables are allowed from Nicaragua.

CONSUL COLE IN TROUBLE.

Berlin, March 24.—The interviews at New York with Dr. Lewis A. O'Brien, the American dentist, who was ordered to leave Saxony on account of his supposed relations with the former CrownPrincessLouise with quotations from the letter of Consul General Cole, of Dresden, expressing sympathy with the dentist, have been cabled here and have caused adverse newspaper comment on the propriety of the consul general giving such a certificate and criticising the action of the Saxon government. Mr. Cole gave the letter because he believed Dr. O'Brien was innocent and he did not suppose it would be published. The Saxon court is so sensitive about everything referring to the case of the former crown princess that an exaggerated view is likely to be taken of Mr. Cole's expression of opinion.

A PREVENTIVE OF PNEUMONIA.

Owing to the prevalence of colds and grip there have been many cases of pneumonia during the past winter. It has been observed, however, that the colds and grip never result in pneumonia when Chamberlain's Cough Remedy is used. Among the tens of thousands who used that remedy during the prevalence of grip in the past ten years not one case has been reported that resulted in pneumonia or that did not recover, which shows that remedy to be a certain preventive of pneumonia and unequalled as a sure cure for colds and grip.

STRUCK BY ANGRY ACTRESS.

St. Louis, March 24.—Miss Ida Goldstein, an actress, struck Alexander F. Woloshen, an attorney, in the face with her hand Sunday night in the lobby of the Germania theater. Miss Goldstein says Woloshen publicly insulted her by making disparaging remarks about her from the stage of the Germania theater three weeks ago. She says he was acting in behalf of members of the company who were jealous of her success and sought to drive her from the company. Woloshen escaped through the crowd which had gathered, declaring that he would call a policeman.

PRINCESS HAS NEW TITLE.

New York, March 24.—It is learned from an authoritative source, says the Vienna correspondent of the Herald, that the former crown princess Louise will in future bear the official title of Princess Louise of Tuscany, with honors due a royal highness. Her father as grand duke of Tuscany has the prerogative of granting titles and has conferred this one upon his daughter with the consent of the emperor. It is said that the king of Saxony's manifesto caused an unpleasant sensation at the grand ducal court and that a reply formally protesting against some expressions has been drawn up and is now on the way to Dresden. The Allegeimene Zeitung announces that Princess Louise also is about to publish a reply to the manifesto.

BOARD ORDERS NEW STREET PAVEMENT

Several Important Thoroughfares Affected—News of the City Hall.

The board of works at the meeting held yesterday afternoon, as forecasted in The Sentinel last evening, adopted resolutions for the paving of West Main street, from Calhoun to the bridge; East Washington street, from Calhoun to Harmer; Harmer street, from Washington on to Maumee; Fairfield avenue, from Brackenridge to Organ avenue, and the intersection jog at the corner of Brackenridge and Fairfield avenue. On account of the difference in the width of portions of the same street ten resolutions were required to cover the paving. A "kickers'" meeting will be announced, after which bids will be advertised for so that the contracts can be let by about May 1.

CITY HALL MATTERS.

A petition for widening Poplar street, from Oakley street to the first alley west, was received and the city engineer was instructed to present plans and specifications.

The Home telephone company petitioned for permission to lay conduits from Calhoun street to Maiden lane on Main and to make a number of short connections, which permission was granted provided the Main street conduit be constructed before the pavement is commenced.

N. D. Doughman appeared before the board to protest against the condition of Pearl street and urge its paving. The paving question did not get a hearing, but the board said that steps would be taken to repair the street and make it passable.

The amended heating franchise, which has been before the board nearly two weeks, was signed up and it was arranged that the board and city engineer would today make a trip to South Broadway to take up the drainage proposition in that locality.

J. B. Barnes this morning took out the biggest building permit of the season, being granted a permit to construct a brick block on West Berry street to cost $35,000. The building will be erected on the site of the Parrot photograph stand. Other permits were issued to J. Leneman, Eliza street, $1,200; William Bartenick, Thomas street, $2,000; E. Blanchard, Lewis street, $1,500; Robert A. Dean, Creighton avenue, $2,000; Adam Heneline, Stophlet street, $1,100; Charles Muhlenbrueck, Walnut street, $1,600; the total for the morning being $42,500.

A REMARKABLE CASE.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I run down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Meyer Bros. & Co.

BISHOP FOR BIG FAMILIES.

Peoria, Ill., March 24.—Bishop P. J. O'Reilley, of Peoria, the associate of Bishop Spalding, in a Lenten sermon spoke of the duty of children to their parents and gave a general indorsement of large families. He expressed a hope that the day would come when the children would support their parents in their declining years. "The opposite is too true," the bishop said. "In Europe we find the grown children delighting in the care and maintenance of their parents. They remain at home as long as they can and aid their fathers and mothers with their wages and when they marry they never forget the old folks. In America the opposite is true. The children as a rule leave home as soon as they can. I believe in large families—that is, if they are to be a source of help and comfort to parents in their declining years."

STRIKE BREAKERS STRIKE.

Pittsburg, Pa., March 24.—More trouble broke out today in the structural iron workers' strike on the Wabash bridge. The sixteen non-union workmen imported here by the American Bridge company went on a little strike of their own and refused to go to work when the whistle blew. The cause of this strike is the discharge of one of the crowd by the foreman, James McGuire. An agent for the American Bridge company left today for Philadelphia, where he expects to get more men and bring them on here. The union strikers are quiet. They are patrolling the streets in the district, but are not making any noise. The police are keeping a sharp lookout.

ACCEPTS CHALLENGE.

Cleveland, March 24.—Mayor Tom L. Johnson stated last night that he was willing at any time to meet in debate W. D. Mahon, of Detroit, president of the Amalgamated Association of Street Railway Men, who Sunday challenged the mayor to a discussion of the 3-cent fare proposition.

"I shall be glad to meet Mr. Mahon at any place and time during this campaign," said the mayor. "A debate with him on the low-fare proposition is just what I want.

"I would like to show him up in a true light. I believe that he represents the street railway owners more than he does the men."

As usual "Divine Right" Baer has nothing to say. The one time when he felt moved to say something he caused a loosening of the lightenings. He is also probably less disposed to do things in a hurry than formerly.

It is much to be hoped that among the improvements promised in the street car service of this city will be some means to abolish the delay of cars at the Calhoun street crossing. The nuisance grows and the danger is ever present.

Rathbone as accuser of General Wood was not to be expected to have much weight nor charges from him to command very serious public attention, but Secretary Root's squelching of the matter was rather more sudden than was looked for. Rathbone and Neely and the other fellows who looted the Cuban postal department do not make good accusers of anybody under any circumstances.

That bunch of Yale alumni who the other day carded one of the college publications at Yale with the statement that their classmate, A. R. Pennell, was an honor to his alma mater, may now in the light of the confessions made by Mrs. Burdick, revise their estimate of the man who wrecked a home, orphaned several children and showered evil, disgrace and probably blood on half a score of human beings.

After a struggle for freedom that has continued during all of the fourteen years she has occupied a cell in a British prison, serving a life sentence for murder, Mrs. Florence Maybrick, an American woman, is given promise of pardon. Probably history does not record another case where endeavors so strenuous and influential have been made for the release of a person convicted of crime. Through the state department American friends of Mrs. Maybrick have employed the most powerful influences in this country to have the British government bestow pardon upon the woman. Influences in Britain, scarcely less high and influential, were engaged in her behalf, but the home office never could be made to see there was occasion for clemency. Now it is authoritatively announced that Mrs. Maybrick will next year be released. It is not yet known what has moved the British government to give this consideration in the matter. There may be new evidence and there may be, what is more likely, a desire to dispose of the case finally.

It is strange that in a majority of cases where saloonkeepers or their bartenders are hauled up on charge of selling liquor to minors who have been arrested for intoxication, there is found some reason in the evidence for failure to convict. Certainly there should be no conviction where the evidence is insufficient, but it is hard to understand why in this class of cases the evidence is almost consecutively weak. A change in the administration of the prosecutor's office is coming on and there is some probability that that event will make a difference. It is to be hoped that it will.

COFFEE HEART.

Many People Think They Have Heart Disease.

"My husband and I used to drink Mocha and Java coffee at forty cents a pound. We made it strong and always had it for breakfast; sometimes in cold weather for luncheon and dinner. A form of heart disease came on to both of us. Husband complained of his heart missing a beat sometimes and that he could not sleep after drinking coffee for the six o'clock dinner. I had pains at the heart, and very peculiar smothering sensations, frequently accompanied with sick headache. My physician forbid the use of coffee, and we were put on Postum Food Coffee, with the result that both husband and myself have fully regained our health and our hearts are all right and perfect now.

"I have reached such perfection in making Postum that husband cannot tell either by look or taste whether he is drinking fine coffee or Postum, and he is a connoisseur in coffee. We drink Postum two or three times a day and it never palls on our taste.

"A good many people make Postum in a very slipshod manner, that is, they dash a little into the coffee pot and let it bubble up a little while and serve it, but that makes the flattest kind of a drink. On the contrary, when four heaping teaspoons to the pint of water are used and the Postum allowed to boil fully fifteen minutes after the boiling begins, (not counting after it is put on the stove, but after the real boiling begins) then one obtains a beverage that is worth while.

"I have no objections to your using my name." Mrs. J. M. Courtright, 800 Third street, S., Minneapolis, Minn. Postum is sold by all first-class grocers.

LIVELY LITTLE RUNAWAY.

A team attached to a delivery wagon of the Eckart Packing company, which had been left standing in front of the Central grocery, became frightened at 5 o'clock Monday evening and dashed westward on Wayne street at a break-neck pace. At Fairfield avenue the horses concluded to take opposite sides of an electric light pole, with the result that the harness snapped, the forward end of the wagon was wrecked and the horses themselves were thrown to the pavement. Neither of the animals were injured. The driver, who was in the grocery delivering meats when the runaway occurred, could not reach the scene until after the wreck had ensued.

A GOOD RECORD.

The manufacturers of Chamberlain's Cough Remedy have reason to feel proud of the record of that preparation in the treatment of acute throat and lung diseases such as colds, influenza, croup and whooping cough, for which ailments it is especially intended. In speaking of his experience in the sale and use of this remedy, Mr. E. M. Lyons, the leading druggist of Brodhead, Wis., says: "I have sold Chamberlain's Cough Remedy for the past five years and have yet to hear of the first case it has not relieved. I would not be without it in my own home."

FAST STEAMERS SUBSIDIZED.

London, March 24.—An agreement has been signed between the dominion government and the Allan line for the establishment of a subsidized fast service between Canada and Glasgow and Liverpool. The arrangement stipulates that the steamers are to make at least twenty-one knots and specifications for a number of large steamers of this speed are now being prepared. The vessels will be built on the Clyde, on the Tyne and at Belfast. The service will be started within two years. To facilitate the carrying out of the contract an important agreement has been entered into between the Allan line and the Grand Trunk railroad of Canada.

SALVATION ARMY LASS SHOT.

Sioux City, Iowa, March 24.—The beauty of Lieutenant Bertie Faulk, of the Sioux City Salvation Army rescue mission, is sadly marred. Across her forehead is a deep red scar, where a bullet fired by Mrs. Frank Ball, of this city, traced its course. Mrs. Ball claims the lieutenant had been robbing her of the affections of her husband. Lieutenant Bertie explains she was trying to save his soul, and that if Mrs. Ball had been a Christian woman the husband would not have sought religious consolation from the Salvation Army lassie.

CUTICURA PILLS

For Cooling and Cleansing the Blood and Skin

In Cases of Itching, Burning, Scaly Humours,

And for Renovating and Enriching the Blood.

The Best and Most Economical Yet Compounded.

Cuticura Resolvent Pills (chocolate coated) are the product of twenty-five years' practical laboratory experience in the preparation of remedies for the treatment of humours of the skin, scalp and blood, with loss of hair, and are confidently believed to be superior to all other alteratives as well as liquid blood purifiers, however expensive, while enabling all to enjoy the curative properties of precious medicinal agents without consuming needless expenses and often injurious portions of alcohol in which such medicines have heretofore been preserved.

Cuticura Pills are alterative, antiseptic, tonic and digestive, and beyond question the purest, sweetest, most successful and economical blood and skin purifiers, humour cures and tonic-digestives yet compounded. Medium adult dose, one pill.

Complete external and internal treatment for every humour may now be had for one dollar, consisting of Cuticura Soap, to cleanse the skin, Cuticura Ointment, to heal the skin, and Cuticura Resolvent Pills, to cool and cleanse the blood. A single set, costing but one dollar, is often sufficient to cure the most torturing, disfiguring skin, scalp and blood humours, eczemas, rashes, itchings and irritations, with loss of hair, from infancy to age, when physicians and all other remedies fail.

PROSECUTOR WEAK IN SALOON CASES

Prosecution for Selling to Minors Fails--General Police News.

There were six cases disposed of at police court this morning, including the postponed cases against James Cleary, charged with selling liquor to Herbert Reilling and Oliver Stewart, two miners, a week ago last Saturday night. The trial resulted in an acquittal chiefly through the lack of vigorous prosecution. Stewart testified that he had been home on the night in question until 9 o'clock and then came down town, where he met Reilling. He and his friend then went into Belchin's saloon and played pool and stayed around until after midnight. They bought beer with their pool checks and finally became pretty drunk and went away. They went to the south depot, and coming back were arrested near the Hoffman house. He testified that he had been in no other saloon but Belchin's all night. Reilling testified to the same effect, with the exception that he had come down town earlier and had been in other saloons, but corroborated Stewart in everything else. The boys were apparently quite truthful and were not a particle perturbed by the cross-examination. Cleary testified that he never saw the boys before and had no recollection of ever having sold them anything to drink, notwithstanding the fact that the boys pointed him out in court as the man that served them. Belchin testified that the boys came into his saloon at about 7:30 and undertook to play pool, when he saw them; he took their cues away and put them out the back door, and they got nothing to drink. The state had no other witnesses and did not attempt to corroborate the statement of Stewart that he was home at 9 o'clock and could not have been put out of the saloon at 7:30. The judge remarked upon the fact that the contradiction of the testimony was very sharp, and that since the state had not produced a preponderance of testimony, under the rules of evidence he would be obliged to acquit the defendant.

DESERTED HIS CHILD.

Charles Biemer was arrested on a charge filed by Humane Officer Schlaudroff, alleging that he had deserted his motherless child Clarence, a cripple, who has been a charge on the charity organizations for months and was recently at the Hope hospital for an operation, but is now in the care of Mrs. Gorsline at the children's home. All this notwithstanding the father has had continuous employment at good wages. The boy is seven years of age and about two years ago was run down by a wheelman, seriously injuring one of his hips. The father has made no attempt to provide for him and since the death of the mother two years ago the little fellow has drifted about from the children's home to the hospital, always at public expense. Two other children are at the Reformed orphans' home and three are being cared for by relatives. Biemer, when asked to plead to the charge of desertion, studied awhile and finally pleaded guilty, saying that he had not seen or heard much of the lad for about five months. He was fined $10 and costs and admonished by the court to care for the boy hereafter under the penalty in case of failure to be brought up again and punished in such a way that he would heed future admonitions.

CAN THINK IT OVER.

George Stalder, the young man who made a romantic bluff at suicide on Sunday, was up on a charge of drunkenness, to which he pleaded guilty and was fined $1 and costs, going to jail for eleven days. When he gets out the glamour of the life beyond the tomb will have been considerably dimmed and he will probably be glad when he feels of it with his feet to find that the earth is still here.

Andrew Schmidt was charged with being drunk and Officer Paul testified that when he found him he was so drunk that he couldn't tell his name. He looked helplessly at the judge when he was asked to plead to the charge, and as he appeared to be a German Lieutenant Lapp ladled out a few dipperfuls of choice Teuton, which happened to sound volapuk to Mr. Schmidt, who managed to give it out that he was an Austrian. That settled it and everybody but the judge threw up their hands, the judge pausing to write $1 and costs after Schmidt's name on the docket.

Annie Bates was slated for drunkenness and said that she was not exactly drunk, although she had been drinking. She said she had never drank before and was enticed to go to the "Bootjack" yesterday, where she got partly seas over. She lost her hat and was sitting on the curb at the corner of Barr and Main streets when arrested. She seemed to be so sincerely sorry and promised so faithfully never to go wrong again that the judge continued her case indefinitely and allowed her to go on her own recognizance.

SHAW ACQUITTED.

George Shaw, whose case for assaulting Mrs. William Kennedy was continued from yesterday morning, reaffirmed his plea of not guilty. The arresting officer did not see the commencement of the trouble, but an attache of the Wayne hotel said that he saw Shaw following Mrs. Kennedy and called the attention of others to the fact. Then he saw Mr. Kennedy and Shaw mix it up on the street. Kennedy having the best of the fistic argument. Shaw in his own defense denied having insulted the woman, but saw her coming down street with a heavy grip, which he offered to relieve her of. Suddenly he was knocked down and when the officer came, of course, he said, he took in the under man, because he seemed the easiest. He said, further, that Kennedy had asked him to drop the case altogether and plead guilty and that he would pay his fine, and added on the setand that he did not believe the woman was Kennedy's wife and that he had good reasons for saying that he did not believe they are married. Kennedy was subpoenaed yesterday, but did not show up, while his wife could not be found to serve a subpoena on. Shaw was acquitted. After the trial was over and court was about to adjourn Kennedy appeared and was scored by the judge. He was told that the next time he was sent for he would be attached and fined for contempt of court.

JOINT INSTITUTE.

Teachers of Aboit, Adams and St. Joseph townships and the town of New Haven, met for their last institute in the International Business college Saturday, March 21. The meeting was called to order at 9 a. m. by Mr. A. P. Leverton, chairman. After roll call the minutes of the last meeting were read and were approved. Miss Zook conducted the opening exercises, and Miss Ethel Grand favored the institute with a piano solo.

The regular work of the institute was now taken up by Miss Sheridan and Miss McGuire, both of whom read excellent papers on "Systematic Methodology." Superintendent Young had been assigned this subject for a general discussion, but he was unable to be present. Mr. Leverton then took Mr. Young's place and gave a fine talk on the teaching of geography.

"Dickens as an Educator" was next on the program, and was presented to the institute by Miss Seybold and Miss Boblet. Mr. Clark and others of the teachers then gave the subject lengthy discussion. Miss Jones read a paper on Horace Mann, the great educator.

On meeting in the afternoon, the teachers were again favored with a piano solo.

Mr. Tonkel gave a long talk on "Tariff Legislation." He made a veritable democratic speech, declaring that a high protective tariff is the father of trusts. A heated debate at once arose concerning tariff and the trusts, in which Messrs. Leverton, Parker, Freuchtenicht and Kimes and Miss Sheridan and Miss Allen took part. The teachers arrayed themselves against each other on purely political grounds. So much time was consumed in the discussion of this subject that the remaining topics in history, which had been assigned to Mr. Rundel and Mr. Freuchtenicht, were not considered.

The teachers called on the chairman, Mr. A. P. Leverton, and Secretary Albert R. Parker for speeches. Both responded to the wishes of the teachers by giving short talks. Mr. Leverton spoke of the work of the institute and of his own personal efforts in connection with it. He stated that he had done the best he could do in being chairman, and that he hoped for the next year the teachers would nominate some one else who would be more capable of filling the place. Mr. Leverton's work for the year has been well and sincerely done, and it is the opinion of all the teachers that the place could not better be filled by any of the other members of the institute.

After briefly reviewing the work of the institute and his own work in connection with the same, Mr. Parker spoke concerning modern school problems. He stated that teachers must be sincere in their work. He spoke strongly in favor of centralizing the schools of the rural districts and gave as his opinion that centralization would certainly take place in most of the townships before many years.

The teachers extended a vote of thanks to the chairman and secretary for their services in the institute. Thanks were voted also to the trustees of Aboit, Adams and St. Joseph townships for their presence and encouragement at the institutes.

At 3:30 the meeting adjourned sine die.

TRENTMAN ROBBERY MYSTIFIES POLICE

Over $600 Worth of Jewelry is Taken From A. C. Trentman Home—Police News.

A mysterious robbery was reported last night by A. C. Trentman, of 512 West Washington street, who said that about $600 worth of watches and jewelry, besides some valuable papers, had been abstracted from his house some time during the evening. Sergeants Pappert and Harkenrider and Detective Rulo investigated the report without much satisfaction, but are satisfied that the articles will turn up somewhere as there were no indications of anyone having entered the place. The missing property consists of two ladies' gold watches, one containing a diamond setting; one gentleman's gold watch; a ladies' gold watch chain; two diamond rings; two gold rings; a set of diamond bracelets; a diamond stick pin; two sets of gold earrings, and a gold heart with the monogram "M. T." engraved on it, all of which were seen during the afternoon by Miss May Trentman. The jewelry was kept in a dressing case drawer on the second floor and the papers were kept in a tin receptacle in another room. The articles were not missed until about 11 o'clock, when the family was about to retire and after a search was made the matter was reported to the police. All the doors and windows were found securely fastened and the snow which fell early in the evening remained undisturbed in the yard, on the walks and around the door and window sills. Neither were there any footprints in the yard nor any marks such as would have been made by a ladder set against the building. The whole affair is a mysterious one which the police department expects to clear up by the discovery of the missing property somewhere about the premises.

ROBBERY AT AUBURN.

L. B. Crother, of Auburn, telephoned the police department that on Saturday night his store at that place was broken into and a number of articles were taken. Among them were five silver watches, a gold watch, a gold chain, a revolver, several razors and some other stuff. There is no clue to the thief or thieves, but the officers were requested to watch the pawn shops.

HE LOST HIS GUN.

Romy L. Wagner, who formerly boarded at the Star restaurant, on East Main street, sought other quarters when the place closed a month ago, but left his trunk and other belongings there until the place should re-open, when he expected to go back as it is convenient to his work. Two weeks ago he went to his old room to find that several articles had been stolen, including a fine Belgian fowling piece with two barrels, one for shot and the other for bullets, costing, when new, about $65. He undertook to locate the gun several weeks, and failing, at this late day reported it to the police department.

MINOR POLICE NOTES.

Dr. J. A. Lomas yesterday found a pocketbook containing a small sum of money, which the owner can identify at police headquarters.

Numerous depredations by small boys are reported daily to the department. The vandalism, which is particularly fashionable in these days, is the breaking of windows and smearing of walls in houses in course of erection, particularly in the east end.

The heavy delivery truck of the Eckart packing company was in a runaway on West Wayne street last evening. The team started from a point nearly opposite The Sentinel office and ran west to Griffith street, where they collided with a telephone pole, doing considerable damage to the wagon.

Happy Homes

One of the essentials of the happy homes of to-day is a fund of information as to right living and the best methods of promoting health and happiness. With proper knowledge, each hour of recreation, of enjoyment and of effort may be made to contribute to that end and are of not less value than the using of the most wholesome foods and the selecting of the best medicinal agents when needed. With the well-informed, medicinal agents are used only when nature needs assistance and while the importance of cleansing the system effectually, when bilious or constipated, has long been known, yet until within recent years it was necessary to resort to oils, salts, extracts of roots, barks and other cathartics which were found to be objectionable and to call for constantly increased quantities.

Then physicians having learned that the most excellent laxative and carminative principles were to be found in certain plants, principally in the leaves, the California Fig Syrup Co. discovered a method of obtaining such principles in their purest condition and of presenting them with pleasant and refreshing liquids in the form most acceptable to the system and the remedy became known as—Syrup of Figs—as figs were used, with the plants, in making it, because of their agreeable taste.

This excellent remedy is now rapidly coming into universal use as the best of family laxatives, because it is simple and wholesome and cleanses and sweetens the system effectually without disturbing the natural functions and without unpleasant after effects and its use may be discontinued when it is no longer required.

All who would enjoy good health and its blessings should remember that it is the one remedy which physicians and parents well-informed approve and recommend and use and which they and their little ones alike enjoy, because of its pleasant flavor, its gentle action and its beneficial effects.

Syrup of Figs is for sale by all reliable druggists, at the regular price of fifty cents per bottle, in original packages only, having the name of the remedy—Syrup of Figs—and the full name of the Company—California Fig Syrup Co.—printed on the front of every package.

The Garnishee Law.

This much talked-of Garnishee Law may (if it becomes a law) do a great deal toward compelling delinquent debtors to pay at least a portion of their earnings on past due accounts. But an easier and by far more profitable method would be to know WHOM YOU MAY CREDIT and WHOM YOU MAY NOT CREDIT. By knowing these two very important things you will be enabled to extend credit to those who are worthy of your confidence, and at the same time to refuse those who by their past have proven themselves unworthy of confidence reposed in them. We have the credit experience of more than Two Hundred and Fifty Business and Professional Men of Fort Wayne. We have the Credit Ratings on over Twenty Thousand people who buy goods in Fort Wayne. Our information comes from every branch of business, and the accuracy of our Credit Experience Guide has challenged the admiration of the business interests of Fort Wayne and Allen County. JUDGE TAYLOR ON COMMISSION TOUR

Resumes Duties Along Mississippi, and Will Recuperate in the South.

Judge Robert S. Taylor, who has been recuperating quietly at his home since his return from Boston, has joined his confreres upon the Mississippi River commission, and left St. Louis yesterday for the regular spring tour of inspection down the big river to New Orleans.

Though Judge Taylor has gained perceptibly in strength since arriving from Boston, he has not entirely regained his usual vigor, and during the present trip will necessarily exercise extreme caution against overtaxing his strength. The work of the commission will, it is expected, require about two weeks, and at the end of that time Judge Taylor will take a vacation of some weeks more in the south. He is not expected to return to Fort Wayne until late in April.

PITTSBURG HAS BIG FIRE.

Pittsburg, Pa., March 24.—Fire broke out in the large eight-story brick building on the corner of Penn avenue and Cecil alley, occupied by the McElveen Furniture company, about 10 o'clock today and before the flames were controlled the three upper floors were gutted and the stock on the lower floors was badly damaged by water. The fire started in the packing department, on the fifth floor, and spread so rapidly that for a time it was feared the entire structure would be destroyed, as well as the adjoining building, occupied by the Surprise Clothing company. On the upper floors of the latter building, many girls and women were employed in the manufacture of clothing and a panic ensued, but all reached the street in safety. Two firemen, Daniel D. Jackson and Harry Scheckler, were overcome by the smoke and were carried out of the McElveen building unconscious, but it is thought they will recover. The loss is estimated at $150,000; fully covered by insurance. The origin of the fire is a mystery.

ASHES THROWN TO WINDS.

St. Paul, Minn., March 24.—"Have me cremated and scatter my ashes to the four winds."

This was the oft-repeated expression used by Mrs. Mathilda Dike, who died Sunday. Yesterday afternoon, after services, the body was taken to the crematory adjoining the mortuary chapel in Forest cemetery.

As soon as the body was converted to a long pile of ashes on the marble slab, in the cremation room, the heat was turned off and the ashes gathered into an urn. They were then carried out doors and thrown to the winds, in accordance with Mrs. Dike's last wishes.

Mrs. Dike was 70 years of age and was the widow of the late Major William H. Dike, who for years was stationed at the Shattuck military academy at Faribault. She had been a resident of St. Paul for fifteen years and of Minnesota for forty-six years. She was also affiliated with many local charities, and was prominent in church work.

FEARFUL ODDS AGAINST HIM.

Bedridden, alone and destitute. Such, in brief, was the condition of an old soldier by name of J. J. Havens, Versailles, O. "I'm on the road to complete recovery." Best on earth for Liver and Kidney troubles and all forms of Stomach and Bowel Complaints. Only 50c. Guaranteed by Dreier & Bro., druggists.

LIGHTNING IS ABSENT.

London, March 24.—The colonial office yesterday received a dispatch from the governor of the Windward islands, Sir Robert Llewellyn, from the island of Grenada, which says the features of the eruption of the Soufriere, on the island of St. Vincent, are the immense clouds of smoke and the comparative absence of lightning. No injury has been done to Georgetown, St. Vincent, beyond a heavy fall of sand and small stones to the depth of two to three inches. The governor adds that the volcano quieted down during the afternoon. The date of this eruption is not given, but it presumably refers to that of March 21.

Mr. Ziemendorff purchased Paracamph from Meyer Bros. & Co.
Every bottle of Paracamph is guaranteed to do just what we claim for it.

MAYOR LOW IS CRITICISED.

New York, March 24.—Mayor Low's reply to the saloon men yesterday only incensed them more than ever, and after a conference in the afternoon the saloon men announced that they were through with the mayor until he offers himself as a candidate at the polls next fall.

In his answer the mayor reiterates his first charges and cites testimony from the court records to prove that a saloon keeper had admitted paying blackmail to the police.

"The mayor is culpable for taking no action in the case," declared Morris Tekulsky, ex-president of the State Saloon Men's organization. "If the state of affairs he refers to exists in this city there is no excuse for his failure to take action. If the present administration wants to stop blackmail it can do so if it is really in earnest. Within the last seventy-two hours information has come to me that a captain appointed by Commissioner Greene has demanded his share of the blackmail fund."

IN NEW QUARTERS

A WELL KNOWN IMPLEMENT HOUSE NEEDED MORE ROOM.

Mr. George W. Bruckner, who is quite well known to the farmers of this county, although he has not been in business here as long as some others, has moved his store to the commodious building, No. 229 East Columbia street. Mr. Bruckner has made quite a reputation for himself in the short time he has been in business in this city. By his courteous treatment of all and his manifestly fair dealings he has secured the confidence of the farmers of Allen and adjoining counties. The new store has three floors crowded with farming machinery, buggies, carriages, etc. The leading line carried by Mr. Bruckner is the famous BRADLEY farming machinery, made by one of the oldest implement manufacturing firms in the United States. This line embraces everything in the machinery line used on the farm. Fort Wayne is the distributing point for this district for the Bradley implements and farmers needing supplies or part can have them the same day the order comes in at Mr. Bruckner's, instead of having to wait ten days or two weeks as is invariably the case when ordering from the factory direct. All the dealers in smaller towns for a radius of one hundred miles are supplied from Mr. Bruckner's mammoth store. At this store will also be found Plano Binders, Mowers, etc. If in need of a Carriage or Buggy you should see Mr. Bruckner, as the line on his floor cannot be excelled either for excellence of workmanship or lowness of price. wk&s

SKELETONS IN CHAINS FOUND BY WORKMEN

Grading of Street Discloses an Ancient Graveyard in New York.

New York, March 24.—Citizens of Inwood-on-the-Hudson have become greatly excited over the discovery of what seems to be a graveyard, dating back to revolutionary times, which was found by a gang of Italians who were grading the streets near Tenth avenue and 212th street for Gillis M. Moran, a contractor.

Huge skeletons, with rusted iron chains and balls hanging from the larger bones, were found, and the measurement of one showed that in life its possessor had measured seven feet four inches. Throughout the neighborhood children are making toys of the skulls, teeth and bones which the workmen have unearthed.

The graveyard appears to have been located upon the top of a small hill. Directly across from it is another, but the one discovered yesterday is marked by a skull, the stone is nothing more than a huge uncarved boulder. On account of this the persons who have made a superficial examination of the find believe that the graveyard was used merely to bury negro slaves and Indians.

TEN SKELETONS UNEARTHED.

Ten skeletons have been unearthed and thirty-five more stones are in sight, marking other graves. Innumerable quantities of smaller bones, disjointed, have been picked up and are being used by the children as toys. Captain Flood, of the Kingsbride police station, has given orders to Joseph Murphy, the foreman in charge of the Italian laborers, to gather all the bones together and bury them again in some other spot.

A peculiar thing about the discovery is the fact that many of the bodies had been buried in an upright position.

From six or seven of them corroded iron chains, forged with huge links and hung with large iron balls, hung for several feet.

The skeleton of one child was discovered.

To the surprise of the men who exhumed it, it was found that it had been split from head to foot.

ONE OVER SEVEN FEET HIGH.

Mr. Hall, who is connected with the museum of natural history, was early at the place, taking measurements and making photographs. He carefully measured one huge skeleton and after a little figuring announced that the bones showed the man in life had measured at least four inches over seven feet. He said that most of the skeletons showed they were of persons far above the average height of persons today, and he expressed a strong belief that the bodies had been placed there either during or prior to the revolutionary war.

Rev. C. Morton Murray, pastor of the Holy Rood church, which is in the neighborhood, and which issues monthly circulars on historical matter connected with its immediate vicinity, was likewise of the opinion that the bones belonged to persons who had lived as long as three centuries ago.

It is estimated that several hundred bodies had occupied the graves.

WHAT IS LIFE?
In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly readjusts this. It's gentle, yet thorough. HOLDS SUICIDE NOT SINFUL.

St. Louis, Mo., March 24.—Rev. Abraham E. Nelson, pastor of the Lindell avenue Christian (non-sectarian) church, declared in a sermon Sunday that under certain conditions the act of self-destruction is not sinful. His theme was "Is Suicide a Sin?" "The human being is made like a boiler," said Dr. Nelson, "and he can resist so much. When a man has been taunted and goaded to the limit suicide presents the only solution. If peace or death is slow in coming to the man who earnestly desires it, and his lot is more than he can bear, who shall dare to stay his hand in the act that will bring him relief?"

IMPROVEMENT NOTICE.

Department of Public Works, Office of the Board, Room 2, City Hall, Fort Wayne, Ind., March 24, 1903.

Notice is hereby given by the board of public works of the city of Fort Wayne, Ind., that on the 23d day of March, 1903, the said board deeming it necessary to make certain public improvements, adopted the following improvement resolutions:

Improvement Resolution No. 288—Resolved, By the board of public works of the city of Fort Wayne, Ind., that it is deemed necessary to improve Washington street from the east property line of Calhoun street to the west property line of Clinton street by grading and paving the roadway to a width of 42 feet with sheet asphalt, asphalt block or vitrified paving block upon a 6-inch Portland cement concrete foundation, curbing with new curbstone where not already properly done and resetting the old curbing where necessary, all in accordance with the profile and specifications on file in the office of the department of public works of said city.

Improvement Resolution No. 289—Resolved, By the board of public works of the city of Fort Wayne, Ind., that it is deemed necessary to improve Washington street from the west property line of Clinton street to the east property line of Harmer street (excepting the intersection of Hanna street) by grading and paving the roadway to a width of 32 feet with sheet asphalt, asphalt block or vitrified paving block upon a 6-inch Portland cement concrete foundation, by placing a marginal finish at all street and alley intersections, curbing with new curbstone where not already properly done, resetting old curbing where necessary and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the department of public works of said city.

Improvement Resolution No. 290—Resolved, By the board of public works of the city of Fort Wayne, Ind., that it is deemed necessary to improve Harmer street, from the south property line of Washington street to the south property line of Maumee avenue, by grading and paving the roadway to a width of 42 feet with sheet asphalt, asphalt block or vitrified paving block, upon a 6-inch Portland cement concrete foundation, by placing a marginal finish at all street and alley intersections, curbing with new curbstone where not already properly done, resetting old curb where necessary and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the department of public works of said city.

Improvement Resolution No. 291—Resolved, By the board of public works of the city of Fort Wayne, Ind., that it is deemed necessary to improve Main street from the west property line of Calhoun street to the east property line of Harrison street, by grading and paving the roadway to a width of 46 feet with sheet asphalt, asphalt block or vitrified paving block upon a 6-inch Portland cement concrete foundation, by placing a marginal finish at all street and alley intersections, and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the department of public works of said city.

Improvement Resolution No. 292—Resolved, By the board of public works of the city of Fort Wayne, Ind., that it is deemed necessary to improve Main street from the east property line of Harrison street to the west property line of Broadway, by grading and paving the roadway to a width of 42 feet with sheet asphalt, asphalt block or vitrified paving block upon a 6-inch Portland cement concrete foundation, by placing a marginal finish at all street and alley intersections, curbing with new curbstone where not already properly done, resetting old curb where necessary and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the department of public works of said city.

Improvement Resolution No. 293—Resolved, By the board of public works of the city of Fort Wayne, Ind., that it is deemed necessary to improve Main street from the west property line of Broadway to the east property line of Union street, by grading and paving the roadway to a width of 42 feet with sheet asphalt, asphalt block or vitrified paving block upon a 6-inch Portland cement concrete foundation, by placing a marginal finish at all street and alley intersections, curbing with new curbing where not already properly done, resetting old curbing where necessary, and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the department of public works of said city.

Improvement Resolution No. 294—Resolved, By the board of public works of the city of Fort Wayne, Ind., that it is deemed necessary to improve Main street from the east property line of Union street to the St. Mary's river, by grading and paving the roadway to a width of 40 feet with sheet asphalt, asphalt block or vitrified paving block upon a 6-inch Portland cement concrete foundation, by placing a marginal finish at all street and alley intersections, curbing with new curbstone where not already properly done, resetting old curbing where necessary and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the department of public works of said city.

Improvement Resolution No. 295—Resolved, By the board of public works of the city of Fort Wayne, Ind., that it is deemed necessary to improve Brackenridge street from the east property line of Fairfield avenue on the north of Brackenridge street to the west property line of Fairfield avenue on the south of Brackenridge street, by grading and paving the roadway to a width of 40 feet with sheet asphalt, asphalt block or vitrified paving block upon a 6-inch Portland cement concrete foundation, by placing a marginal finish at all street and alley intersections, curbing with new curbstone where not already properly done, resetting old curbing where necessary and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the department of public works of said city.

Improvement Resolution No. 296—Resolved, By the board of public works of the city of Fort Wayne, Ind., that it is deemed necessary to improve Fairfield avenue from the south property line of Brackenridge street on the east of Fairfield avenue to the south property line of Creighton avenue, by grading and paving the roadway to a width of 32 feet with sheet asphalt, asphalt block or vitrified paving block upon a 6-inch Portland cement concrete foundation, by placing a marginal finish at all street and alley intersections, curbing with new curbing where not already properly done, resetting old curbing where necessary and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the department of public works of said city.

Improvement Resolution No. 297—Resolved by the board of public works of the city of Fort Wayne, Ind., that it is deemed necessary to improve Fairfield avenue from the south property line of Creighton avenue to the south property line of Organ avenue, by grading and paving the roadway to a width of 30 feet with sheet asphalt, asphalt block or vitrified paving block upon a 6-inch Portland cement concrete foundation, by placing a marginal finish at all street and alley intersections, curbing with new curb-stone or the Parkhurst combined curb and gutter, and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the department of public works of said city.

The board of public works have fixed Wednesday, the 8th day of April, 1903, a date on which remonstrances will be heard or considered from persons interested therein or affected thereby, and on said day at 7:30 o'clock p. m., said board will meet at their office for the purpose of hearing or receiving such objections or remonstrances from persons interested therein or affected thereby, and for the purpose of taking final action thereon.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflames the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

ELECTRIC DISPLAYS WILL BE GORGEOUS

Imposing Street Decorations Planned for Knights Templar Conclave.

The street decorations and electric illuminations during the conclave of the Indiana grand commandery of Knights Templar, April 15 and 16, will be the most extensive as well as the most beautiful ever seen in Fort Wayne. Local knights say also that the plans embrace a wealth of decorative grandeur never approached by any other Indiana city which has entertained the grand commandery.

Today H. W. Mordhurst, chairman of the committee on decorations, received eighteen elaborate electrical designs, most of them comprising Masonic emblems, which will have places upon the exterior of Masonic Temple and in prominent points in the down-town business district. The local Knights Templar, in preparation for the state meeting, have refrained from soliciting contributions from persons outside the membership of the fraternity, and they have raised a big fund with which to entertain their visiting brethren. The Masons, however, do make a general request upon business men to decorate their places of business in honor of the visitors, and it is said that the replies thus far received indicate that the decorations will far surpass both in extent and in beauty any previous attempt along this line. Particular attention is being paid to the electrical effects, which will be numerous and elaborate, and some of the designs will be entirely original.

The Wayne hotel has been selected as headquarters of the grand commandery, and headquarters will be opened here April 14 at 2 o'clock, when the grand commander and the grand recorder will be present. The City band will head the annual parade of the Knights Templar, which will be one of the finest ever seen in the city. It will be given on Wednesday afternoon, and in the evening of the same day there will be given a reception at the Anthony Wayne club to knights and their ladies only. Reineke's orchestra will play. In addition to commanderies from many Indiana cities, the organizations from Lima, Van Wert and Toledo have also signified their intention of being present, and it is expected that the visiting commanderies will bring at least ten bands of music.

ROOSEVELT MUST NOT SHOOT.

Fort Yellowstone, National Park, March 24.—Over the length and breadth of the National park there swept a terrific snow storm yesterday and last night. It deepened the snow that already lay on the ground, filled up the gulches and made travel even for the ski runners who travel from snow station to snow station on patrol duty well-nigh impossible. Altogether the prospect of passable trails and pleasant weather when the president comes to visit the park two weeks hence is not at all good.

Major Pitcher, superintendent of the park, declared that President Roosevelt will do no hunting in the park. His gun will be sealed by the military when he enters the park just as though he were an ordinary citizen. It is understood that the information received by Major Pitcher from Washington is that one of the chief purposes of the president's visit to the park is to examine the precautions that are being taken for the preservation of game and to see what steps are necessary to make the protection still more effective.

HAD AN EYE REMOVED.

Edward Hatch, residing near Huntertown, is a patient at Hope hospital, where Dr. R. P. White found it necessary a few days ago to remove Mr. Hatch's left eye. While at work in the woods with a companion some days before, Mr. Hatch's fellow-workman struck an iron wedge a heavy blow with a sledge hammer. A piece of steel from the wedge struck Mr. Hatch in the left eye, passing completely through the eyeball and lodging behind it. Here an abscess was forming, forcing the eyeball outward and causing the unfortunate man much suffering.

Mr. and Mrs. Koehl and daughter, Jean, leave soon for the east, where they will reside.

A MONEY SAVER.

"There has been a great epidemic of la grippe in this vicinity for the past two months," says W. D. Wilcox, of Logan, N. Y. "All of my customers that I could induce to try Chamberlain's Cough Remedy were cured without the aid of a doctor. Only two of my patients employed a doctor and they did not use this remedy. They could have saved money by using it." Money is not all that this remedy saves. It saves health and sometimes life. Every cold or attack of la grippe weakens the system, lowers the vitality and paves the way for more serious diseases. Make a friend of this remedy and it will save your health and wealth.

WOMAN DIES OF YAWNING.

Oshkosh, Wis., March 24.—After yawning without interruption for three days, despite every effort to effect a cessation, Mrs. William Henry Jenner died yesterday. The physicians in attendance stated that the woman was suffering from obscure lesions of the brain, producing laryngial spasms. The patient, who was unable to sleep, yawned until she could do so no longer from lack of strength. The spasms continued and finally, after seventy-six hours of suffering, death intervened.

Noah Webster, the original author of this magnificent work, needs no introduction to the American public, for his name is a household word, and next to the "Father of His Country," is the most widely known American. The "Webster's Encyclopedic Dictionary" contains all of the original "Webster Dictionary," and in addition has been revised and enlarged by

Rt. Rev. Samuel Fallows, A.M.,D.D. Late Professor-Elect of the University of Wisconsin; late Superintendent of Public Instruction of Wisconsin; ex-President of Illinois Wesleyan University; member of the Philosophical Society of Great Britain; author of "Synonyms and Antonyms," "Hand-book of Abbreviations," etc.

No other dictionary on the market is right up-to-date like the "Webster Encyclopedic Dictionary," having just recently been revised and enlarged and now contains such words as automobile, dynamite, spermology, viben.

Why Should You Possess This Valuable Work?

Because it is the duty of every American to be able to speak and read the English language CORRECTLY. In order to obtain thorough knowledge on any subject, or to form a sound judgment, it is necessary that you be familiar with every word—the spelling, the pronunciation and meaning of each word used in speech or current literature. No one can catch the exact thought which an author or speaker intends to convey unless he knows the significance of all the words used. THEREFORE, a Dictionary is an ABSOLUTE NECESSITY—THE BEST, THE MOST ACCURATE AND COMPLETE THAT CAN BE OBTAINED—

"WEBSTER'S ENCYCLOPEDIC DICTIONARY"

In which every word is CORRECTLY DEFINED, CORRECTLY PRONOUNCED, CORRECTLY SPELLED, and the use and meaning of various words illustrated by apt quotations. Many hours of hard labor were spent by the distinguished authors in making this the MODEL DICTIONARY. The best special dictionaries on various branches of knowledge and the leading encyclopedias were consulted and taken as authorities, so that this dictionary

IS UNEXCELLED IN PROFUSENESS AND EXCELLENCY OF SUBJECT MATTER.

This Book Is Being Sold at $9.00 by the Publishers.

THE SENTINEL has made arrangements for a number of these Dictionaries at about one-third their value, and are putting them out to their subscribers in weekly installments. Solicitors will call on all our citizens and explain the plan.

THE MARKETS.

Chicago, March 24.—Wheat opened strong on steady cables, May ¼@¼c to ¼@⅜c higher, at 73c to 73½c. There was a good demand from shorts at the start, but their wants were soon supplied and with quite heavy selling by commission houses the early advance was all lost, May selling down to 72⅞@72⅞c. Minneapolis and Duluth reported receipts of 145 cars, which, with local receipts of 37 cars—none of contract grade—made total receipts for the three places of 182 cars, against 270 cars last week and 374 cars a year ago.

News advices were generally bearish and outside markets were weak, and on liquidation May declined, the low point being reached at 71⅞c. Covering caused a slight rally, but the close was weak, with May ¾c lower, at 72@72⅛c.

The strength in wheat and firm cables caused a strong opening in corn and May was up ⅛c to ¼c, at 43¾c to 43⅞c. The market soon lost its early strength, however, under the influence of the break in wheat. May declining to 43⅜c before the end of the first half hour of trading. Local receipts were 243 cars, with none of contract grade.

The weakness in wheat affected the corn pit and the close was weak, with May ⅝@¾c lower, at 43c.

Oats opened steady in sympathy with the firmness in other grains and reacted later under the influence of lower prices in the other pits. May was a shade lower to a shade higher at the start, opening at 33⅛c to 33¼c, declining later to 32¾@32⅞c. Local receipts were 329 cars.

Provisions were barely steady at the opening in spite of the strong hog market, May pork being 2½c lower, at $17; lard 2½c higher, at $10.15, and ribs down 5c, at $9.82½. Selling by packers caused a weaker tone and a still further loss was sustained.

The Close.

Prices at the close were as follows:

Wheat—May, 72@72⅛c; July, 69¾@69⅞c; Sept., 68⅜c.

Corn—March, 41⅜c; May, 42⅞@43c; July, 43¼@43⅜c; Sept., 42¾c.

Oats—March, 31¼c; May, 31¾@31⅞c; July, 30¼c; Sept., 28c.

Pork—May, $17.80; July, $17.10; Sept., $16.85.

Lard—May, $10; July, $9.77½; Sept., $9.75.

Ribs—May, $9.80@9.82½; July, $9.50@9.52½; Sept., $9.40.

Rye—May, 49¾@50c.

Flax—Cash N. W., $1.13; S. W., $1.11; May, $1.13.

The Day on Wall Street.

New York, March 24.—There were offerings in large blocks of all the leading speculative stocks at the opening, first sales in many instances running from 1,000 to 2,500 shares. The result was sharp declines throughout the list. The losses ran to a point or over in Norfolk and Western, Canadian Pacific, Rock Island preferred, Sugar and General Electric.

Selling decreased for awhile after the opening and prices partly recovered. The absence of any active de sales later and the market fell back to sales later and them arket fell back to about the opening range. Atchison preferred. Wisconsin Central preferred. St. Louis and San Francisco. Smelting. Hide and Leather preferred and Reading lost 1 and Anaconda 2 points. Southern Pacific was well supported and sold at 64.

Prices moved in a vacillating way. Louisville. Chicago Great Western and Manhattan got a point under Saturday. North American lost 2 and Lake Erie and Western 3. There were slight recoveries when Wabash preferred rose to 51¼, but they were not held. Trading was very dull.

Bonds were irregular.

Offerings increased as prices reached a lower level, which stimulated more aggressive bear selling. Union Pacific, New York Central, Pennsylvania, Amalgamated and a number of other leading stocks declined a point or over.

Trading was semi-stagnant during the early part of the afternoon. Some stocks worked lower, while others gained a fraction, but the movement either way was insignificant. Northwestern declined 3½.

Stocks continued to come upon the market at the expense of prices, which touched the lowest in the last hour. Losses reached for North American, 5; Minneapolis and St. Louis, 4½; Lake Erie and Western, 3½; Union Pacific, St. Louis and San Francisco second preferred, Colorado Fuel, General Electric, Manhattan, Louisville and Brooklyn Union Gas, 2 to 2½, and Hocking Valley, 1¾. The market showed no rallying power and closed active and weak.

Last evening the members of the Iriquois Pedro club invaded the home of Mr. and Mrs. Robert Evans, of 111 Van Buren street, in honor of Mrs. Evans' birthday anniversary. A most delightful evening was spent with games and other amusements. Mrs. Evans, who is a very popular member of the club, proved herself a very charming hostess.

THE STOMACH IS THE MAN.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Meyer Bros. & Co.

Manning Smith, of the Thing & Co. shoe store, was taken quite ill at the store at 9 o'clock this morning and had to be conveyed home in a hack. The symptoms were those of appendicitis, but the patient improved this afternoon and Dr. J. W. McCausland, the attending physician, says Mr. Smith will escape an attack of that disease.

OLD PEOPLE.

How their Declining Days May be Happier.

Hall & Lyon Company, the Most Prominent Druggists in Providence, R.I., Interviewed on the Subject.

TELL ABOUT A HARMLESS TONIC-STIMULANT WHICH HELPS OLD PEOPLE.

"I think," said a member of the above firm, "that the saddest thing in the world is to see an old person tottering around.

"If the publishers of the newspapers knew as well as we do how much good Vinol tonic-reconstructor would do for old people, they would devote columns in their papers on the subject.

"We know that Vinol would be the greatest source of comfort and help to old people for the simplest reason in the world.

"When a person reaches that time in life when he or she is on the downward path, all of the vital organs act more slowly and less effectively than they do in youth. There is not the same renewal of tissues that continually take place in younger people.

"The old person's blood is thin and watery, and many of their parts have become so worn out by age that the natural functions of life are not performed properly. For instance, the stomach no longer acts as it should and the old person has to be very careful of diet; and even when doing their best, it is difficult for them to obtain nourishment enough from the food they are able to take to keep up the waning strength and hold body and soul together; let alone trying to build up any additional functions or reserve fund of energy."

Vinol, you see, as we have always claimed, is a builder up. It acts first on the stomach; it strengthens and invigorates this important organ; it mixes with the food that goes into the stomach, and enables that organ to assimilate the food that makes rich, red blood, healthy tissues and sound nerves. Vinol is a harmless stimulant without any reactive disadvantages.

There are hundreds of cases in this city which prove these statements and we ask old people to try Vinol on our guarantee that if it does not do all we claim for it, we will refund the entire money they paid us for it. We have shown our confidence and good faith and it is up to every sick and ailing person in this city to try and get well.

BAD BABIES

Are often only hungry babies. They cry and fret because they are ill-fed. The healthy mother is sure to have good babies; babies that coo and sleep and grow. Mothers who use Doctor Pierce's Favorite Prescription, are generally healthy and happy, and have healthy, happy children. "Favorite Prescription" prevents nausea, soothes the nerves, promotes the appetite and causes sleep to be sound and refreshing. It gives a great physical vigor and muscular elasticity so that the baby's advent is practically painless. It is the best tonic for nursing mothers, restoring strength and promoting an abundant flow of nutritive secretions.

"I can cheerfully recommend Dr. Pierce's Favorite Prescription as one of the best medicines for women," writes Mrs. Mary Murdock, Murdock, of 1015 Woodard Ave., Topeka, Kan. "I consider it the best medicine made. I know it has no equal. I am the mother of ten children and only one living—the tenth one. She is one year old and is as well and hearty as can be. She is a beauty. Of my other babies, one lived to be one year old, but she was always feeble. I tried different doctors, but none of them could tell me what my trouble was. They said I was well and strong. I was examined by surgeons but they found nothing wrong, and they were puzzled to know what my trouble was. I did not know what to do, so I thought this time I would try Dr. Pierce's Favorite Prescription. I took it the entire nine months and now have a fine baby girl, and I cannot praise your medicine enough for the good it did me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets are easy and pleasant to take. A most effective laxative.

EDGAR E. CLARK CALLED HIGHER

President Will Appoint Him Asssistant Secretary of New Department.

OFFICIALS COMING HERE

Supt. Crawford Calls a Meeting of Master Mechanics and Road Foremen.

President Roosevelt has decided to appoint as assistant secretary of the department of commerce and labor Edgar E. Clark, of Cedar Rapids, Ia., chief of the Order of Railway Conductors, and one of the members of the anthracite coal strike commission.

Judge George Gray, president of the strike commission, recommended Mr. Clark to the president as one of the best executive officers he had ever come in contact with, and said that some of the most important work in the investigation of the coal strike had been done by him. The other members of the commission also recommended Mr. Clark's work, and President Roosevelt was gratified because these recommendations harmonized with his own opinions, formed last summer, when he met Mr. Clark at Chattanooga, and heard him speak to the railway men's convention.

There has been a desire to select an assistant secretary who would represent organized labor, as the department is to represent labor as well as commerce. Mr. Clark, besides representing organized labor, will be an efficient executive officer to aid Secretary Cortelyou in organizing the new department.

Dynamos to Chili.

Two 120-light generators, a number of arc lamps and a lot of station equipment material were loaded upon a car at the Fort Wayne Electric works this morning for shipment to Valparaiso, Chili. Shipments of the products of this factory are often made to foreign countries, but this is the largest shipment made to Chili for several months. Two cars containing an 8,000-light machine built for the Copper Queen Consolidate Mining company, of Douglas, Ari., also left the electric works this afternoon. This is one of the largest machines built at the works. A motor to Providence, R. I., and another to the Hotel Newell, Pittsburg, were shipped this morning.

Master Mechanics' Meeting.

Motive Power Superintendent D. F. Crawford, of the Pennsylvania Northwest system, has called a meeting of his master mechanics and road foremen of engines for tomorrow. Matters of interest to the motive power and mechanical departments will be discussed. The meeting will be held in Mr. Crawford's office and those who will attend are Master Mechanic B. Fitzpatrick, Fort Wayne; G. L. Wall, New Castle; W. F. Beardsley, Crestline; G. P. Sweeley, Allegheny; G. C. Bishop, Wellsville, and G. B. Fravel, Chicago, and Road Foremen C. R. Colmey, Fort Wayne; F. Ray, Allegheny; S. D. Noragan, Wellsville; T. C. Bailey, New Castle; R. Palmer, Toledo, and P. H. McGraw, Chicago. The visiting gentlemen are already arriving.

Almost an Accident.

As the Wabash Continental limited was speeding along at the rate of sixty miles an hour a few days ago Engineer Butler noticed, as he passed the station of Wea, that one of the keys in the siderod was loose and about to drop out. He applied the emergency brake and the train came to a stop. In the meantime the key had disappeared and a search along the track failed to reveal its hiding place. After a substitute had been provided and Mr. Butler had resumed his place at the throttle, he saw the key lying on the running board, where it had been thrown by the rapidly revolving wheels. That the siderod did not become disconnected and smash the engine cab and attachments is considered most remarkable.

Will Go to Detroit.

The employes of the Wabash shops took a vote yesterday upon the question of an excursion the coming summer. The result was an almost unanimous vote to go to Detroit and to have the excursion the latter part of June. The officials will be notified and it is believed they will acquiesce and fix upon a date in accordance with the wishes of the majority of the shopmen. The excursion last year was a very pleasant affair and if the coming one is open to the friends of the shopmen it will also be a pleasant affair, if numbers can have that influence.

GRAIN-O
THE PURE GRAIN COFFEE

If you use Grain-O in place of coffee you will enjoy it just as much for it tastes the same; yet, it is like a food to the system, distributing the full substance of the pure grain with every drop.

TRY IT TO-DAY.

At grocers everywhere; 15c. and 25c. per package.

Employes Who are Sick.

Engineers F. N. and C. E. Enslen are off duty on account of the sickness of a relative. Engineer W. Kahoe received slight injuries to his head, which will disable him a few days, and Engineer E. Blanchard had his shoulder sprained so badly that he will be unable to work for a few days. Engineers L. J. Parrish and U. G. Rhodes are also off duty, the former on account of being sick and the latter on account of the sickness of his daughter. Shopmen who are off duty on account of sickness are C. L. Fielder, J. H. Beltzler, H. Burlage, W. H. Roembke, M. R. Hardendorf, C. A. Shaffer and Andy Koonz. All are Pennsylvania employes.

Indiana Roads Merged.

President Joseph Robinson, of the Central Indiana Railway company, has issued a circular stating that "the Central Indiana Railway company has acquired the railway from Muncie to Brazil, Ind., formerly the Chicago and Southeastern railway, under a sale made in pursuance of a decree of the United States circuit court of the district of Indiana, and that all officers and employes will continue in the discharge of their respective duties until further notice." Mr. Robinson will have his jurisdiction extended to include the new possession.

Attains His Majority.

Fred Stahl, machinist at the Wabash shops, is today receiving the congratulations of his shopmates upon arriving at the age when he is entitled to all the rights and privileges of a full-fledged adult American citizen. He is twenty-one and is observing the anniversary by working as usual at his lathe. Fred is a good, intelligent employe and will some day be filling a more important position than the one he occupies today.

Knocked Cylinder Head Out.

Engine 7374, one of the big new flyers on the Pittsburg, which was hauling mail train No. 19 last night, with Engineer J. A. Keplinger in the cab, met with an accident at Dunkirk which delayed the train several hours. A bolt in the piston valve came out and the cylinder head was driven out. The attachments on the side of the locomotive and in the cab were also more or less damaged, but the engineer and the fireman escaped injury.

A New Wreck Boss.

Samuel Lee will succeed W. A. Maddux as foreman of the wreck crew on the Nickel Plate April 1, when Mr. Maddux retires to engage in other work. Mr. Lee is well equipped for the position, having been employed on the railway for many years. For the past ten years he has been employed in the maintenance of way department, under Superintendent James Rodgers. He is a Fort Wayne man and is popular with his acquaintances. His promotion is generally approved.

Ross Gardner Hurt.

Yard Conductor Ross Gardner, of the Pennsylvania, was caught between a car he was riding and a gate, which the wind swung around, and was severely bruised about the hips and thighs. He also received bruises upon other parts of the body and came near having the life crushed out of him. The hospital ambulance was called and Mr. Gardner was taken to his home on Clay street, where Dr. C. B. Stemen attended him. The accident happened at the iron yards on Lafayette street.

Shopmen Injured.

B. W. Fitzpatrick, an erecting machinist, and Richard Humbke, a boilermaker, both of the Pittsburg shops, are off duty as the result of accidents yesterday. Mr. Fitzpatrick had his left hand bruised by a misdirected blow with a hammer and Mr. Humbke had the second and third fingers of his left hand mashed by getting them between two pieces of steel. Dr. Stemen attended both unfortunates.

Mummert's First Visit.

The meeting of the freight agents at the Y. M. C. A. rooms yesterday afternoon resolved itself into a sort of reception in honor of L. H. Mummert, the new manager of the Indiana Car Service association, who was here in his official capacity for the first time yesterday. H. T. Elliott, traveling representative of the association and a former resident of the city, was in attendance at the meeting also. Others present were the local agents and the Union Line men.

Will Pattern After Pennsy's.

It now develops that the object of the visit of Motive Power Superintendent H. F. Ball and Master Mechanic C. W. Cross, of the Lake Shore, to Fort Wayne last week, was to get pointers for a new round house the Lake Shore will build at Elkhart. The Elkhart Truth says that plans are being drawn for the building, which will have fifty stalls and an eightyfoot turntable and will be the finest round house on the Lake Shore system.

FIFTY CENTS A MONTH

A small bottle of Scott's Emulsion costing fifty cents will last a baby a month—a few drops in its bottle each time it is fed. That's a small outlay for so large a return of health and comfort.

Babies that are given Scott's Emulsion quickly respond to its helpful action. It seems to contain just the elements of nourishment a baby needs most.

Ordinary food frequently lacks this nourishment; Scott's Emulsion always supplies it.

We'll send you a sample free upon request.
SCOTT & BOWNE, 409 Pearl Street, New York.

Goes to the Convention.

Secretary J. W. Burns, of the R. R. Y. M. C. A., went to Springfield, Ohio, yesterday for a short visit with his mother. Tomorrow he will go to Greenwood, Ind., to attend the state convention of the Y. M. C. A. secretaries and workers, returning here next Friday. These meetings are held annually and are a great factor in preparing men for conducting the affairs of the branch associations.

Big Local Passenger Business.

The policy of the Wabash to make a three-day limit seventy-five cent round trip fare to Huntington, seems to be a winner. It has stimulated travel wonderfully and it is not an unusual sight to see a dozen or more of our people on the local trains bound for that city.

Industrial Notes.

Machinist Louis Kopp has taken a position in the night gang at the Wabash shops.

Will Conroy, machinist apprentice at the Wabash shops, is off duty attending a lawsuit.

Conrad Youst, a Nickel Plate car repairer, working at nights, is on duty again after a week's vacation.

John Kress and George Woy, sweepers at the Fort Wayne Electric works, are sick and off duty.

William Dickinson, assistant timekeeper at the Fort Wayne Electric works, is sick and off duty.

Ground was broken this morning for the new office building at the Fort Wayne Electric works.

T. J. Kuoher, time clerk in Trainmaster D. H. Caldwell's office, has gone to Cleveland on business for the railway.

Nickel Plate Brakemen E. H. Roe and P. M. Henderson have returned to their duties on the road after being sick several days.

Anson Cloak, who served the Big Four as an engineer forty-five years, died at his home in Galion, Ohio, Sunday, aged 73 years.

Dr. C. B. Stemen, chief surgeon of the Pittsburg, had as a guest yesterday Dr. J. W. Sampson, the company's surgeon at Upper Sandusky.

Harry F. Fisher, night clerk at the Pittsburg freight house, has returned to his duties after celebrating the advent of a daughter.

Master Mechanic George James, of Stony Island, was in the city a few hours today. He had been in Bellevue and stopped off here between trains.

Nos. 1999 and 2005, class F-3-C engines, just from the locomotive works, arrived here yesterday and will be placed in service on the Pittsburg road.

C. D. Allen, Pennsylvania operator, has gone to the home of his parents in Coesse for a three days' visit, and W. D. Walters has the "trick" in the meantime.

Brakeman Dillon has moved his family here and is now a full-fledged resident of Fort Wayne. He was formerly employed on the Lake Erie and Western road.

Fred Kramer, of 1105 Summit street, entertained the Florodora club at a smoker last night. The affair proved very interesting to all the participants.

Brakeman Charles Watterson, of the Nickel Plate, was "pinched" in making a coupling at Argos yesterday. He was not severely injured, but will be unable to work for a few days.

Brakemen C. A. Blount, Walter Long and W. D. Robertson, of the Nickel Plate, are taking a lay off for the purpose of resting. Brakeman W. L. Hoover, of the same road, has gone to Ossian to see his mother.

Engineer M. Griley is sick; Engineers Fullerton and D. T. McFee and Fireman R. H. Meyers are resting. Fireman Yates, who was off on account of an injured eye, has returned to work. All are employed on the Nickel Plate.

John Williams, a horseman, was killed at Lima, Ohio, by a Lake Erie and Western train Sunday. Stepped on the track in front of the engine, evidently not knowing it was approaching.

An appropriation of $100,000 is to be mainly used in building yards for the Cleveland, Akron and Columbus road at Orrville, Ohio, the coming summer. The Cleveland, Akron and Columbus is a Pennsylvania line.

The sink hole on the Wabash, between New Haven and Butler, which caused so much trouble when the road was building, is again making trouble by sinking gradually. The company is rushing cinders to the scene and hopes to prevent any serious damage to the tracks.

Henry B. Richards and William Herber are new names on the pay rolls at the Bass blacksmith shop. Mr. Richards recently returned from the Philippines and Mr. Herber formerly resided on a farm at Nine Mile, Ind.

Mrs. J. Shelly and Mrs. F. W. Paul will go to Chicago and Mrs. Chester Durnell will go to Erie, Pa., in a few days to visit friends and relatives. The husbands of the ladies are Pennsylvania engineers.

Conductor D. B. Denbow resumed charge of a Nickel Plate local freight train this morning, after attending court as defendant on a charge of holding the crossing in Argos beyond the limit fixed by the laws of that town. Mr. Denbow was fined the usual sum.

Samuel Klever, a machinist's helper in the Wabash roundhouse, will be laid up a few days with a lame foot. Yesterday some men dropped a siderod as he was passing and the piece rebounded and hit his right instep, hurting the member severely.

Among the railway officials who were in the city last night and this morning were Superintendent S. E. Cotter, Division Freight Agent W. A. Sprott and Claim Agent Z. T. Duncan, of the Wabash. The two first named remained over night and left this morning.

While visiting friends in Chicago yesterday, Mrs. D. Monahan, wife of the Pennsylvania fireman, was taken violently sick. Her husband was out on his run on Division C, but a telegram at Crestline reached him and he immediately left for Chicago to join Mrs. Monahan.

Miss May Lancaster, the daughter of Charles Lancaster, moulder at the Bass foundry, was the recipient of a magnificent gold ring, set with a large opal surrounded by four diamonds, the occasion for the gift being the young lady's sixteenth birthday anniversary.

Joseph Bundy, the contractor, is getting the lumber and other building material on the ground for a house to be erected at the corner of Calhoun and Suttenfield streets. Contractor Kelley is also getting the material for a house on the grounds on West Main street, near Osage.

Oran Root, jr., recently appointed general manager of the Metropolitan Street railway of New York, is 29 years old and is said to be the youngest manager of so important property in the world. He has 460 miles of road to look after and 14,000 men to direct.

Fred F. Wright, a representative of the Elliott & Hatch book type writers, is in the city inspecting the machines of that type that are now in use in the city. These machines are constructed especially for work in railway offices, such as making pay rolls, way bills, etc.

William Michaels had a foot severely injured yesterday by a steel rail striking him. With other section men Mr. Michaels was unloading a car of rails when he met with the accident. He is employed by the Nickel Plate and Dr. J. M. Dinnen, the company's surgeon, is attending him.

William Knoll, Wabash machinist, was in Peru Sunday to see his son, Fred Knoll, who is in the Wabash hospital with an injured foot. The member is getting better, but is still so lame that Mr. Knoll cannot walk without a crutch. Fred is an apprentice at the Wabash shops.

The Pennsylvania expects to increase travel between New York and Washington fully 50 per cent. by reducing the running time of some of its best trains one and a half hours, covering the distance between the cities in four hours. The new schedule will go into effect as soon as the new terminals at Washington and New York are completed.

The work of construction of the belt road to be built by the Southern Indiana road at Terre Haute will begin this week. Agents have been buying mules in the southern part of the state for the teams, and the scrapers have been shipped from Bedford. The road will be eight miles long, but with the switches ten miles of track will be laid. It is expected to have the road completed within six months.

MURDERER ELECTROCUTED.

Plattburg, N. Y., March 24.—"Whitey" Sullivan was electrocuted at Dannemora prison today for the murder of Matthew Wilson, night watchman of the First National bank of Cobleskill, on Nov. 26, 1900. Sullivan was a member of a gang that tried to rob the bank on that night and Wilson was shot in a fight with the thieves. "Goat" Hinch, another of the gang, is in Dannemora prison under sentence of death for participation in the same crime.

EARTHQUAKE IN LONDON.

London, March 24.—Two distinct earth shocks were felt in various parts of Derbyshire at 1:30 p. m. today. No damage was done, but the shocks created great alarm. In the town of Derby ceilings were cracked, cornices and fire places were dislodged and the walls of houses swayed.

Dr. Hiatt's Germicide cures sore throat; also a safeguard against diphtheria. Take a dose morning and evening and keep a healthy throat. For sale by druggist. 25c.

Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much so as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of **Mother's Friend** so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

BLOOD WINE

CURES RHEUMATISM AND KIDNEY DISEASES

Undoubtedly no class of people are more severely subjected to the weather than officers of the law. Probably no class of people suffer as a result of such harsh treatment any more than they with rheumatism. There is hardly a policeman, sheriff or marshal that has not had it—and badly, too. In a great many cities "Blood Wine" is recommended by the heads of the police departments, and officers are told to use it when subjected to long spells of inclement weather. Every officer who has ever taken "Blood Wine" for rheumatism speaks of his experience about as Mr. Espich, the city marshal of New Philadelphia, Ohio, does. He says:

"I take this opportunity of writing you regarding my experience with 'Blood Wine.' As my business keeps me out in all kinds of weather, I have been subjected to attacks of rheumatism. I have tried various well-known rheumatic remedies, but the results have never been satisfactory. But when I found 'Blood Wine,' I found a remedy that completely cured me, and did it in a remarkably short time. I can sincerely recommend 'Blood Wine' for rheumatic sufferers."

His was a case of aggravated rheumatism. It was not a new case, but an old stubborn case of long standing, one that broke out in intense fury with every wet spell. Mr. Espich had suffered so severely that he had lost faith in all medicines, and only under protest did he consent to try "Blood Wine." Rheumatism forms crusts of lime like deposits about the joints. Instead of the bones moving freely and painlessly in the smooth-tissue covered joints, they grate and bleed and gouge into one another because of their unnatural size and shape, and produce excruciating pain and suffering. This is the way Mr. Espich felt. He was in misery with every move. When he commenced taking "Blood Wine" it immediately worked on his blood. Slowly but surely it abstracted the acid and neutralized the blood; then it dissolved those crusts about his bones. When this was done it made new tissues to cover these bones; then through the blood it produced an oil to keep the joints freely lubricated and moistened. Consequently the pain soon left and Mr. Espich quickly became a well man. Now he has no sign of pain. He eats well, feels well, and is well. Is it any wonder that he wants to tell about it and say a good word for "Blood Wine," the medicine which cured him? No one suffering with rheumatism or kidney disease should hesitate to take "Blood Wine." It will drive the disease entirely out of the system.

FREE BLOOD TEST.

As rheumatism and kidney diseases are both diseases of the blood, the only accurate way to tell one's true condition is to examine the blood. You can have an expert bacteriologist analyze your blood free of charge, by sending your name to the Louis Dandelin Co., Worcester, Mass., for full particulars.

"Blood Wine" costs fifty cents a bottle.

THE FRANK DRY GOODS CO.

WILL DEDICATE IN MAY.

No definite date has yet been fixed for the dedication of the new First M. E. church (formerly Berry street), which is in process of erection at East Wayne and Lafayette streets, but it is said the ceremony will undoubtedly occur in May. The art glass for the structure has just arrived and is now being installed. The work upon the building, though in progress during the entire winter, has of necessity been moving but slowly, but with the return of favorable weather the handsome edifice will be rushed to completion.

INFLAMMATORY RHEUMATISM CURED.

William Shaffer, a brakeman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam."

MADE A PROPERTY DEAL.

Willis Hattersley and Dr. W. O. Gross have just concluded a business deal in which they make an exchange of residence properties. Dr. Gross becomes the owner of Mr. Hattersley's property on East Washington street, adjoining Hope hispital, upon a valuation basis of $6,000, and Mr. Hattersley secures Dr. Gross' residence at West Wayne and Van Buren streets at a valuation of $8,500. Possession in each case will be given within a few weeks, and Dr. Gross announces that the elongated fence erected to prevent a view from the hospital windows will be removed as soon as he takes possession of his new home. The transaction was negotiated by the L. F. Curdes agency.

WAR ON BLIND TIGERS.

New Castle, Ind., March 24.—The temperance people of Knightstown, who recently knocked out the saloons there with the "blanket remonstrance," have begun an aggressive campaign against the "blind tigers," which have been operated there since the suppression of the saloons. In line with this determination Sheriff Christopher has arrested Peter Wagner, Isaac Roberts and Alec McCarty, all ex-saloon men, on the charge of operating "blind tigers." If necessary indictments will be filed against the men each day until they cease the illegal traffic. They will be charged with conducting a public nuisance. The fight against the sale of intoxicants at Knightstown has caused much feeling.

DANGERS OF PNEUMONIA.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Sold by Dreier & Bro.

THAT THROAT-TICKLING

It's first, the throat;
Then, the bronchial tubes;
Next, the lungs;
At last, Consumption.

There's nothing so bad for a cough as coughing! There's nothing so good for a cough as—

Ayer's Cherry Pectoral

The best time to take it is when the cold first comes on, when the trouble is in the throat.

Throat tickling, throat colds, throat coughs are all easily controlled with Ayer's Cherry Pectoral.

Doctors first prescribed this nearly 60 years ago. They use it more today than ever. They know its ingredients. They understand how it heals congested membranes and overcomes inflammation. Ask your own doctor about using this medicine for colds, coughs, and all lung troubles.

J. C. AYER CO., Lowell, Mass.

"I had a terrible cough last spring, and it took just one bottle of Ayer's Cherry Pectoral to completely cure me. I have used this medicine in my family for many, many years."
